

LEGION PREPARING VACATION JAUNTS

Arrangements Being Completed for Leasing Cottages at Shore

TO MAKE EARLY REPORT

The American Legion is considering vacation facilities for members. During the week a Legion committee went to the shore and inspected several resorts to inquire into the possibilities of leasing a number of cottages. The committee submitted the favorable report to the county committee and further details of development of the plan shortly will be made.

Legion members who are in the Legislature at Harrisburg are active in their efforts to further certain favorable bills. Representative Stewart, Cumberland, has introduced a bill providing for American Legion representatives on the board of managers of the Soldiers' Orphans' Home at Scotland. Representative Van Allen, Northumberland, has a bill providing for appropriate markers on French battle-trophies to commemorate the service of Pennsylvania troops with the expeditionary forces.

Representative Hatrick, of Carbon, has a measure providing that soldiers, sailors and marines from Pennsylvania who graduated from Pennsylvania dental schools and who served as such in the armed forces during the war, be granted licenses to practice dentistry without requiring them to pass the examinations of the State Dental Board.

Department of Pennsylvania reports 142 Legion posts throughout the state have attained the honor roll, which represents them having either exceeded or equaled last year's membership. Of this number twelve are Philadelphia posts.

The regular monthly meeting of Fourth Naval District Post No. 195 was held March 22 so as not to conflict with the post ball, which will be at the Bellevue-Stratford April 6. More than 200 members attended the meeting at which the finance committee reported a paid-up membership of 250 members.

The post recorded its indorsement of the appointment of Commander D. M. Addison (S.C.), as paymaster general of the navy, and a copy of the resolution was forwarded to the secretary of the navy.
