the statements

WASHINGTON, April 4 .- Great Britain's drink bill increased by more than \$400,000,000 last year, as compared with 1919, says a report to the department of commerce from Consul Hunter Sharp, at Edinburgh, Scotland. The amount spent on intoxicating liquors in the United Kingdom in 1920, the consul says, is estimated at \$2,285,795,050, as against \$1,878,469,000 in 1910. The total, however, is about 24 per cent less than before the war.
