Sound Economy

Is not only avoiding extravagance, but foreseeing any loss and providing against it. In times like these, it is the soundest kind of economy for every manufacturer, every wholesaler, to safeguard against unforeseen, abnormal credit losses.

Money invested in a premium for the American's Unlimited Policy of Credit Insurance is the wisest money you can invest. You cannot afford not to do so.

Ask to see the hundreds of recent letters received by the American Company from leading bankers, manufacturers and wholesalers testifying to the broad, constructive benefits of our service.

Consider firms like the Wenger, Armstrong Petroleum Co., Chicago. They write:

"Your adjuster called upon us today to settle our claim against one of our debtors who was recently placed in the hands of a Receiver.

The first part of this month we filed our claim with you under our policy of Credit Insurance.

Today we have your sight draft for \$9220.95, in pay-

Your promptness in payment and your manner of handling the matter were exceedingly pleasing to us."

Take prompt steps to avail yourselves of the Service of the American's Unlimited Policy. To get the full facts and figures won't obligate you a bit. Why not write or phone for them today?
