Sales and Production MANAGER

Over 20 years' experience as Sales and Production Manager of Company in which I am now an officer. I built up the sales to about one Million Dollars, with a traveling force of about 15 men. Experienced chiefly in Iron, Steel and Hardware lines; also have some knowledge of leather and textiles. If connection were satisfactory could provide an investment of about \$25000.

Appealing to Faith

Many earnest proponents of advertising ask people to have "faith in advertising."

These same advocates would not think of urging "faith" in letter writing—"faith" in telephoning—or "faith" in any other method of thought transference.

Advertising is one means of conveying messages.

The message itself may be what you will; it may inspire to heroism or lull to sleep, and—advertising, like the telephone, will carry either.

Any magazine or newspaper carries advertising which results show to be "good advertising," and the same identical issue of the same publication will also carry "poor advertising."

The publication is identical, the reader is the same, the difference, therefore, must lie in the message and its presentation.

When you have a message to convey by advertising, employ an advertising agency, with ability and experience to prepare that message.

Put your "faith" in the message.
