

# STRICTER VICE LAW IS URGED BY MAYOR

Moore to Ask Assembly to Aid in Checking Gamblers and Others

## BILLS HAVE BEEN FRAMED

Thugs, gamblers and disorderly persons sometimes escape punishment, Mayor Moore declared today, either because of defects in the law or because of interpretations made by judges and magistrates. The Mayor made this declaration in announcing that several bills have been prepared for him which would serve to tighten up the laws concerning vice, gambling, vice and thuggery. He issued this statement: "At the request of the Mayor, City Solicitor Smyth has prepared drafts of three acts of Assembly to cover certain defects of law which the Mayor regards as of importance in connection with vice operations. "Frequent alleged miscarriages of justice with regard to ruffianism, gambling and other vices are attributable to lack of law or to the magisterial or judicial interpretation with respect to these practices. "Cruelty, for instance, while objectionable, is an offense difficult to establish under existing law. Similar defects exist with regard to gambling

and houses conducted for immoral purposes. "It has been found virtually impossible to convict gamblers even when gambling devices are found. "The city solicitor forwarded these drafts to the Mayor this morning and they will be introduced in the Legislature by Senator Woodward at the Mayor's request."

## EXPLOSION CAUSES FIRE

York Road House Slightly Damaged When Escaping Gas Ignites

An explosion of gas which was escaping from a broken meter in the cellar ignited the home of Mrs. George Landis, at 6415 York road, at 9:29 o'clock last night. Mrs. Landis went to the cellar to insert a coin in the meter, when it broke, she said. The escaping gas immediately caught fire and the blaze then spread to the woodwork. An alarm was sent in and the fire was extinguished within a few minutes. Loss to the three-story frame and stucco building was almost negligible.

as the fire was confined to the woodwork in the cellar.

## Are You Going to Buy A Heater? Yes!

# OKeh Records

The Record of Quality

HAVE you ever tried this? Start your phonograph playing; it doesn't matter whether it's a dance record or vocal record. Then—Close your eyes! Does it sound like a phonograph record? Has it that thin nasal quality? Try this out on an OKeh Record and you'll very quickly notice that an OKeh Record has a full, round, rich quality distinctly different. It is "A Record of Quality" and an actual, true-to-life reproduction.
