

BOARD WILL SIFT CAMDEN FRAT ROW

Special Meeting Is Called for Thursday to Consider Suspensions

TECHNICALITY IS INVOLVED

A special meeting of the Camden Board of Education was called today for Thursday by the president of the board, Harry C. Sharp, to consider the suspension of the seven high school students for their membership in Greek letter fraternities.

The meeting will be held in the Board of Education rooms in the Cathedral City Hall. The regular meeting of the board is not scheduled to take place before April 25. In calling the special meeting, Mr. Sharp said he had been out of town and had not been able to join in a conference with the board. He felt that the controversy had been allowed to go too far.

"I have not been able to confer with Miss Clara S. Burroughs, the principal, on the matter," Mr. Sharp said. "It seems to me that settlement of this affair hangs on a technicality. While I am opposed to the boys having school fraternities, I do not see where this membership in Greek letter fraternities can be controlled by the board."

"If these boys will give up a part of honor to discontinue their frat activities in the school and in the neighborhood, their school records will be better than for those who do not. I think it is better to have them on a probationary basis, than to have them on a permanent basis. The longer settlement of this matter has gone the more bitter both sides have become. It is time that the differences be settled and settled there. The board members are Dr. P. P. Tuttle, Mrs. Miriam Lee Purdy, Dr. E. P. Tuttle, wife of Dr. A. H. Tuttle, Dr. Edwin P. Tuttle, wife of Dr. E. P. Tuttle, Dr. Frank C. Myers, George H. Galland, Dr. Clement T. Branch and Edward W. Bunting.

A parent of one of the suspended boys today described the statements made yesterday by Mrs. Burroughs as "a display of cunning, hypocrisy and unscrupulousness." He said she was "trying to get the board of education to consider a 'star chamber' meeting held last night at the home of Dr. Walter W. Crate, 116 North Seventh street, and it is thought possible that it was held open to fight the matter out in the courts as has been intimated. The parents, however, have announced a policy of acquiescence."

The parents present, Joseph De Crate, were Frank M. Kennedy, father of Frank Kennedy, suspended president of the Junior Athletic Association, John H. Danford, father of Walter Danford, president of this year's "Student Government"; Benjamin Levinson, father of Victor Levinson, president of last year's "Student Government"; school officer leader, Charles D. V. and father of Reed V. and basketball and track athlete, and Mrs. M. A. Brown, a widow, mother of basketball player, basketball and football player. Dr. Crate is the father of Douglas Crate, president of the senior class and only four-letter man in the school, and of John Crate, basketball and football star.

P. R. Asks Men to Aid Fight on Costs

Continued from Page One. \$97,774, and the average pay a month \$71.72. In July last, the high water mark, the average pay of over 60,000 men employed on the railroad was \$173.54 for the month.

This annual increase was due to the new famous order No. 2 of the Brotherhood of Locomotive Engineers. In September of last year, when 370,325 persons were on the rails, they received \$18,459,807 or \$49.42 per man.

The gradual falling off in railroad traffic consequent upon the growing demoralization in business and industry, has resulted in a falling off in 1920 in the number of employees on the system.

The latest figures, those of March this year, show that 195,820 men were employed, with still further cuts possible.

Taking 1920 as a whole the average monthly wages for various individuals, including officials, is \$75.97, more than double that of 1917.

The enforced reduction in the number of employees has affected many of the prominent corporations in the system, wherever they have offices, and a great deal of business has been done in Philadelphia in connection with the proposed reduction of the system.

Government reorganization, which will be effected in the near future, will have a great influence on the system. It is expected that it will result in a reduction of 100,000 men from the present force of 200,000.

The Government is expected to be able to pay the present wages of the present force of 200,000 men, but it is not expected that it will be able to pay the same wages to a reduced force of 100,000 men.

It is expected that the Government will be able to pay the present wages of the present force of 200,000 men, but it is not expected that it will be able to pay the same wages to a reduced force of 100,000 men.

VAUCAIN HORSES BOUGHT BY MITTEN

Show Animals Sold by Head of Baldwin's to P. R. T. President

QUITS RING, SAYS SELLER

Thomas E. Mitten, president of the Rapid Transit Co., has bought the last of the prize-winning horses and ponies of Samuel M. Vaucain, some of which were in the hands of Mr. Vaucain's daughter, the owner of the Vaucain stables, and as Mr. Vaucain put it today: "I am out of the horse business for good."

Among the horses bought by Mr. Mitten, Princess Saena, Kathleen Melbourne, Misterious, Velvet Fire, Willbrook, Fire Boy, Abrite and other well-known hunters and jumpers. The Vaucain number of horses, Patrick O'Connell, has been engaged by Mr. Mitten, and will have charge of his show stables.

This sale marks the final retirement of the Vaucains from the track and the ownership of a new horse-owning. It is reported the new stable will be a particularly strong one, especially in the harness horses. So extensive has been the purchase of horses, the Vaucain family of thoroughbreds become of late years that only the very wealthiest have remained in the game.

Considerable interest centers about the sale of the Vaucain stables, especially in the hands of the vaucain family. The Vaucain family of thoroughbreds become of late years that only the very wealthiest have remained in the game.

"I don't know," Kelly said. "I was not there when the Haverford official alleged to have been in the driver's seat of the truck when it was driven to the station house."

"I don't know," Kelly said. "I was not there when the Haverford official alleged to have been in the driver's seat of the truck when it was driven to the station house."

"I don't know," Kelly said. "I was not there when the Haverford official alleged to have been in the driver's seat of the truck when it was driven to the station house."

'PEG' HOPKINS SUED BY RICH HUSBAND

Third Millionaire Mate Charges Actress With Fraud in Marriage

CALLS DIVORCE ILLEGAL

Chicago, April 11.—James Stanley Joyce, multi-millionaire lumber king, has come to the end of his romance with Peggy Hopkins, former Follies girl, whom he married at Miami, Fla., January 23, 1920, and he wants back his freedom and the fortune he gave her in money and jewels and property.

Through Attorney Alfred S. Austin and Frank P. Lofting, he filed suit in the Superior Court yesterday to annul his marriage to the much-married Peggy. And in the suit he names numerous co-respondents, generally prominent in America and Europe.

Peggy, who has been the wife of two other multi-millionaires, a dancer, a singer, a movie star, an artist's model and a dress model, is charged with marrying Joyce for his money and with having the wife of Philipbrick Hopkins at the time she married Joyce.

Mr. Joyce alleges that Peggy Hopkins conspired with her husband, Philipbrick Hopkins, to obtain an alleged divorce from him in Tarrant county, Tex., so that she could marry Joyce. "With the ultimate purpose of obtaining large sums of money and property," it is charged.

During the five months following the ceremony Joyce transferred money and property to Peggy at a rate of \$500,000 worth at a rate of \$500,000, according to the bill, and which probably ran as high as \$1,000,000.

Joyce and his home-coming went to Europe on their honeymoon. The Chicago lumber king and the movie queen. The bridegroom returned alone and inserted notices in the New York newspapers that he would not be responsible for his wife's doings.

The honeymoon tour covered most of Europe, and divers co-respondents in Europe are mentioned in the bill.

Among the co-respondents named are "One Barton French"; "Henry Letellier, former owner of the Journal of Paris"; "one Maurice, whose first name is to your editors unknown"; "one E. James"; "Evans Stouffard," and divers other persons.

The romance with Barton French is said to have begun at London, England, and various other places during the months of June and July, 1920.

There is a Pullman car episode with Letellier upon the train entering and leaving New York, which is recorded in the bill, and incidents at "various other places on the continent of Europe, in or about the months of July, August, September, October, 1920, in London, and on other dates it is charged Maurice and the defendant's partner."

At various times and places in London during the time of the honeymoon, Peggy was intimate with James, the bill declares.

Peggy Much Married. Peggy is twenty-seven years old, but has been getting married since she was seventeen. She is slight, decidedly blonde, has gray eyes and is bewitchingly pretty.

She was Miss Margaret Upton, of Norfolk, Va., when she ran away with Everett Archer, of Denver, Col. It was in 1914 that she married Mr. Archer, and they were married for six months. This millionaire husband No. 1.

Millionaire husband No. 2 was Sherman Joyce, of New York, who was one of the big oil and mining interests of Mexico. He had already had matrimonial experience, having married Miss Margaret Murray, of Baltimore, and later had obtained an annulment.

Peggy was nineteen then and thought she could be happy with the Hopkins millions. She eloped with him, but in March, 1917, she ran away to New York to earn her living on the stage.

And then she married Joyce, with but one interlude, it appears, in the matter of husbands.

As Joyce tells the story in the bill, Peggy was the wife of Philipbrick Hopkins when he, Joyce, met her. It is charged that even before the divorce was entered, Peggy represented that she had divorced Philipbrick Hopkins in New York and suggested that she and Joyce be married immediately. The bill charges that the Texas divorce is fraudulent and null and void, because neither of the parties to it was in the state of Texas at the time of the suit, as is required by Texas law.

WANT GAS CONTRACT Oak Lane Park League Against Company's New Plan. Members of the Oak Lane Park Improvement League put themselves on record last night as being opposed to efforts of the United Gas Improvement Co. to nullify the existing contract with the city. They condemned the plan submitted by the corporation to re-equip the amount of gas used over the system of British thermal units and declared the city should not sign a new contract. Unanimous approval was expressed for the Miller bill, now in the state senate, which would give the Public Service Commission authority to investigate underlying transit companies.

Woman Still Missing Collingswood, N. J., April 12. Police dragged the Collingwood younger for the body of Mrs. Clara Hackett, sixty-seven years old, aunt of Lindsay Lawson, of 401 Lincoln avenue, without success. It is still believed that Mrs. Lawson that his aunt drowned herself in an overflow, which is only three courses from the house.

The woman disappeared last Friday, and since then local Boy Scouts have scoured the town and environs for her. The woman had had a severe cold following an attack of illness.

Public Service Hearings. That's four applicants for the appointment to be right to operate utility common carriers in this city and suburbs. The club declared in favor of the Bill, which would give the Public Service Commission authority to investigate underlying transit companies.

Motorists Oppose Gasoline Tax. Members of the Keystone Automobile Club, here, have expressed their opposition to the Dawson bill, placing a cent and a half on gasoline. The club had a meeting at La Jolla Temple.

NAB ALLEGED CAR THIEVES

Sixty Shots Fired Before Police Capture Two Suspects

More than sixty shots were fired by patrolmen chasing three men in a stolen motorcar last night. The car was captured later after a second relay of patrolmen had jumped on the running board and arrested the driver and a companion. A third man escaped.

The robbers were Charles Frazier, of Warren street near Third-sixth, and Alexander Holmes, of Eighteenth street near Bainbridge. The man who escaped was held under \$2500 Negroes. Both were held under \$2500 Negroes. Both were held under \$2500 Negroes. Both were held under \$2500 Negroes. Both were held under \$2500 Negroes.

All the excitement started when Joseph H. Miller, of 3000 Fairmount avenue, thought he saw a car that had been stolen from him some weeks ago, standing at Tenth and South streets. He raised the hood, and the engine number was not a patrolman.

A description of the car was sent broadcast and at 10 o'clock it was seen passing Tenth and South streets. Patrolmen McAffrey, Avolet, Lamm and Keeler were chased firing as they followed the car on Broad street. Patrolman Hawking jumped into the middle of the street with his arms outstretched. The driver tried to run him down, then turned up Broad street.

At 11 o'clock the car was seen on Broad street. Patrolman Hawking jumped into the middle of the street with his arms outstretched. The driver tried to run him down, then turned up Broad street.
