Should Teachers Whip Pupils?

To the Editor of the Evening Public Ledger:—Do you know why we have so many incorrigible boys? Why the children of the street are so tough, uncouth, vicious and unmanageable? The reason is that these boys are never given any training as to deportment, and naturally what else is to be expected of them? The father who says to his boy: "Go to school and get your books and your school books until they are sent to bed."

Letters to the Editor

Letters to the Editor should be as brief and to the point as possible, avoiding anything that would open a denominational or sectarian discussion. No attention will be paid to anonymous letters. Names and addresses should be given, although names will not be printed if request is made that they be omitted.

Letters to the Editor

The teacher could train these boys into morally and mentally sound citizens out of them. The teacher could make them obedient, cheerful and little gentlemen, ready to receive any training as to deportment, and naturally what else is to be expected of them? The father who says to his boy: "Go to school and get your books and your school books until they are sent to bed."

Letters to the Editor

poor families came and begged us to let them have them for a small rental, as they could not afford to buy them. Now the welfare department of the city comes along and orders us to put water in the houses, underground drainage and put the houses in good order, costing about \$100, and we get \$10 a month rent for each house. We decided not to spend that money on the houses and we would pull the houses down. We notified the tenants to get out in a month, if not they would be put out. Where they will go I do not know.

Letters to the Editor

That is what Mrs. William H. Abbott's housing committee is doing. Let's houses for the poor to rent. J. JOSEPH H. ANTHONY, Sr., Editor, N. J. April 7, 1921.

Questions Answered

Income Tax and Car for Business To the Editor of the Evening Public Ledger:—It is necessary for me to use a car going to and returning from work. Can I deduct upkeep expenses of car when filing income tax returns? W. L. PLAMME, Philadelphia, March 23, 1921.

Questions Answered

To Get New York Bonus To the Editor of the Evening Public Ledger:—I am a resident of Philadelphia, and I enlisted in the army June 22, 1917, at Fort Slocum, N. Y. I have read that New York passed the soldiers' bonus bill. Will you please let me know if I am entitled to get the bonus? If I am, could you give me information how to get it. W. W. KANE, Philadelphia, April 7, 1921.

Objects to Pigeon

To the Editor of the Evening Public Ledger:—Please tell me if there is any law in New York to prevent a farmer from keeping a pigeon almost directly beside the bedroom windows of a neighbor whose property it is. What could the neighbor do to protect himself against such a nuisance in a small town such as Aton, N. J. April 4, 1921.

Poems and Songs Desired

Wants Bull Fight Song To the Editor of the Evening Public Ledger:—Will you ask your readers if any one of them can supply me with the words of a humorous song that goes something like this: "Oh, but while I tell you the story Of the Spaniard who named my life, Oh, for what he told you the story Of the Spaniard who named my life. It was at a bull fight I met him, Who was doing his daring display, I might obtain the music of the song." E. M. GATNER, Philadelphia, April 9, 1921.

Ingereoll at Tomb of Napoleon

To the Editor of the Evening Public Ledger:—Please advise me by printing the notice on "Ingereoll at the Tomb of Napoleon." I will appreciate this very much. W. M. ABBOTT, Philadelphia, March 30, 1921.

Ingereoll at Tomb of Napoleon

A little while ago I stood by the grave of the old Napoleon—a magnificent tomb of gilt and gold, but almost for a dead deity—amidst the sarcophagi of black Egyptian marble, where rests at last the ashes of the restless man. I looked over the balustrade and thought about the career of the greatest soldier of the modern world. I saw him walking upon the banks of the Rhine, contemplating suicide. I saw him at Toulan, I saw him putting down the mob in the streets of Paris. I saw him at the head of the army of Italy. I saw him crossing the bridge of Lodi with the tricolor in his hand. I saw him in Egypt in the shadows of the pyramids. I saw him in France with the eagles of the stars. I saw him at Marengo, at the end of the world, where the snow and the cavalry of the wild beast scattered his legions like scum on a pond. I saw him at Leipzig, in defeat. I saw him at Waterloo, in a million bayonets back upon Paris—clutched like a wild beast. I saw him in Russia, where the infantry of the snow and the cavalry of the wild beast tore his legions like scum on a pond. I saw him at Leipzig, in defeat. Flags on Automobiles

To the Editor of the Evening Public Ledger:—As a supplement to Mayor Moore's request that automobile drivers display the national emblem, an all-American flag, I would like to suggest that those who feel that they may have another chance to help to suggest that all persons, particularly those who may be out of the country, attaching a small United States flag of shield to the windshield.

Stanch Under Disappointment

To the Editor of the Evening Public Ledger:—When a soldier deserts from the army, he is usually punished. When a man is stanch under disappointment, he is usually punished. Solves Several Problems

To the Editor of the Evening Public Ledger:—In Tuesday's Forum, Mr. Lewallen gave an easy one. To arrange the first nine digits in such a way that when they are added, the total will be 100. I did it this way, but I think there must be many solutions. 1-2-3-4-5-6-7-8-9 = 45. 1-3-5-7-9 = 25. 2-4-6-8 = 20. 3-6-9 = 18. 4-8 = 12. 5-10 = 15. 6-12 = 18. 7-14 = 21. 8-16 = 24. 9-18 = 27. 10-20 = 30. 11-22 = 33. 12-24 = 36. 13-26 = 39. 14-28 = 42. 15-30 = 45. 16-32 = 48. 17-34 = 51. 18-36 = 54. 19-38 = 57. 20-40 = 60. 21-42 = 63. 22-44 = 66. 23-46 = 69. 24-48 = 72. 25-50 = 75. 26-52 = 78. 27-54 = 81. 28-56 = 84. 29-58 = 87. 30-60 = 90. 31-62 = 93. 32-64 = 96. 33-66 = 99. 34-68 = 102. 35-70 = 105. 36-72 = 108. 37-74 = 111. 38-76 = 114. 39-78 = 117. 40-80 = 120. 41-82 = 123. 42-84 = 126. 43-86 = 129. 44-88 = 132. 45-90 = 135. 46-92 = 138. 47-94 = 141. 48-96 = 144. 49-98 = 147. 50-100 = 150.

Housing Committee and Houses

To the Editor of the Evening Public Ledger:—In reading the Evening Public Ledger, I was interested in the article on housing by Mrs. William H. Abbott. It strikes me another way to solve the housing problem is to have the poor or doing evil. First the question is, what can a man with a family pay for a house? He can pay from \$12 to \$15 a week. And through the agitation and the housing commission is making it easier for the poor to get a house. I have two small houses on a back street. The street is on the city plan, and the authorities allowed a manufacturing concern to look out of the street right at these houses and made it a bank end, and consequently we could not get a reasonable rent for these two houses, so we decided not to rent them and shut them up. To the Editor of the Evening Public Ledger:—I have read that New York passed the soldiers' bonus bill. Will you please let me know if I am entitled to get the bonus? If I am, could you give me information how to get it. W. W. KANE, Philadelphia, April 7, 1921.

Housing Committee and Houses

To the Editor of the Evening Public Ledger:—In reading the Evening Public Ledger, I was interested in the article on housing by Mrs. William H. Abbott.
