

PEASANT PROGRAM FORCED IN HUNGARY

Majority of Political Demands Met to Appease Anger Over Aid Given Charles

ENTENTE MISSIONS BLAMED

Budapest, April 15.—The reorganization of the Hungarian Government forced by the peasants in indignation at the support given ex-Emperor Charles by certain ministers virtually is complete. The peasants compelled the acceptance of most points of their program, which includes the restoration of civil rights, free speech, a free press and free trade. They demand also permanent demilitarization of the Hapsburgs and a settlement of the royalist question. It is feared this will be the cause of the legitimists becoming a strong party, bringing a cleavage in the country and postponing action on important economic matters, such as financial reconstruction, land reform and reform of the obsolete country council laws.

The peasants accuse the Entente mission here of preventing a clean sweep on the Hapsburg question by pressing for the reinstatement of Premier Teleky. Members of the last parliament have convicted certain peasant leaders that French royalists want the restoration of the Hapsburg monarchy to prevent a union of Austria and Germany and as a barrier against bolshevism.

Skabo, the peasant leader, is not wholly satisfied with the situation. He said today: "I do not believe another attempt to reinstate the Hapsburgs by military force is possible if the royalist question is constitutionally settled. Ninety per cent of the countryside is anti-Karlist. The peasants at present have no candidate for King in sight. They believe the Government reorganization will see a more liberal policy for Hungary. The press must be unumuzzled and free speech re-established."

Free trade is for Hungary an economic necessity and we must swallow antipathies toward our neighbors in so far as they interfere with this policy." Admiral Horty, the Regent, today issued a manifesto to the army thanking it for its loyal support during the Karlist crisis. A social event deemed of political importance was the wedding yesterday of Colonel Frony, leader of most of the anti-Karlist faction of the army, to Countess Palffy, lady-in-waiting to ex-Empress Zita.

GOLFER BRINGS DOWN BIRD
Ranoke, Va., April 15.—Robert F. Stone, University of Virginia student, became a claimant for the 1921 freak golf shot Wednesday when he made a "birdie," bringing down a dove flying high in the air.

The ball broke the bird's wing, but was hardly slowed by the impact, and Stone made a par on the hole.

FLIERS SET JUMP RECORD

Two Officers Descend Half Mile. Third Injures Leg on Ground
Minneapolis, N. Y., April 15.—Two triple parachute leaps from an army airplane yesterday set a new record for altitude jumping by army fliers. Captain T. J. Devery and Lieutenant Lucas V. Beau stepped from a plane piloted by Lieutenant E. H. Barksdale and descended almost half a mile. Their parachutes stayed so close together they were able to converse during the descent, and they landed within a few yards of each other. Sergeant Andrew Anderson leaped from the plane at the same time and injured his leg.

ICE SHIFTS SHIPS' COURSES

Unusual Southerly Flow of Berge Blocks Sea Lanes
Boston, April 15.—Icebergs from the Polar seas have moved south to the latitude of this city and have forced the moving of trans-Atlantic steamship tracks 180 miles south of the usual lanes at this season.
Radio reports yesterday from the coast guard cutter Seneca told of large ice fields as far south as latitude 42.49 and longitude 47.45.
As a result of this unusual southerly ice movement, the trans-Atlantic steamship conference directed vessels to cross in latitudes of New York and Philadelphia.

Parcel Post Service

"Franklynette"

Three-Piece Suit

Golf & Street Service

Coat, Skirt & Breeches

To introduce "Franklynette," We'll Send it to Your Door on Approval

Here's the Offer

Write for it—mention bust, waist and hip measure—also height and weight and color preferred. Try it on—examine it. If satisfactory in every respect, send us

\$25.00

Otherwise return at our expense. Isn't that fair?

THISTLECLOTH is a high-grade all-wool knitted pure worsted heather mixture in tan, green, oxford or mold colors in tan, brown, navy blue or sand color. Okel Records

"The Record of Quality"

Do your records play real music or just phonograph music?

SOME phonograph records give you no more than their version of the music that they reproduce. The method of recording is imperfect. But if the recording is right, and the quality of the record itself is right, the reproduction will be perfect.

Notice the Difference

When you play an Okel Record it ceases to be a phonograph record and becomes the orchestra, the piano or the singer's voice itself.
