## What Made Bill Pass

It is this feeling. I think, and the surance that the farmer in the remote puttry school district is not going to nese held to the grindste hool triviation, that sent the Finegare through with re is a good deal more apprehen-

on. I find, among members of the mice as to the fate of their individual opropriation bills than about any other

week, and which I have all along inted out was as certain to come. a let of bills will go by the board, ome of them should have the skids put under them, but just the same some prious measures will suffer.

That is what the members are worry ing over. And then there is another er that is equally important. After appropriation hills are passed by House and Senate they must be and he review before the Governor.
