AT CUPID'S CALL

XXVI—A Strange Rescue

the stalled car.
was a brick! He
loved her for her courige.

He sat there in while every now

DICK hated to see Mary go alone the cir one mighty push out of the into the night to get a light for whatew of these trees into the mountible stalled car. Most certainly she light at that bothing may run into us was a brick! He

It described from the from seat, and Mary and he pushed valuantly. The car fill mave a little way, so that the moon score on the front portion of the There, that a all right! Semerates

is sure to come along in a minute And presently they were rewarded

He immediately began working before and after school boarts on he could acquire a formal education.

As a student he was so frail and so frequently then was doubted whether he would survive the end of the course.

Later his physical condition was aggravated by stemmen temperature and related to the survive has not crowded, for she was riding downtown, and at this hour of the day most of the survive the end of the course.

As a student he was so frail and so frequently then was doubted whether liave you look her so lives on the survive the end of the course.

As a student he was so frail and so frequently then was doubted whether liave you look her so lives on the survive the end of the course.

Later his physical condition was aggravated by stemmen temperature and replacement whether liave you look her so lives and of the survive the end of the course.

As a student he was so frail and so frequently the was doubted whether liave you look her so lives and of the survive the end of the course.

Later his began to treat that.

The car was not crowded, for she was riding downtown, and at this hour of the day most of the waters were going that the day most of the survive were going and replacement to the survive the end of the course.

Later his began working treate and after school bear to was a series.

The car was not crowded, for she was riding downtown, and at this hour of the day most of the workers were going that the day most of the water with things of her lives and of the course.

It was some weeks later that as young the first of the survive the end of the course.

Later his physical condition was aggravated by stomach to-note so serious

at times that it prestrated him. This very lack of strength lighted in him a burning desire to be hale and strong, to rid himself of his bodily nilments, to become well.

He mapped out for himself a rigid program to which he adhered all his lifea program of conservation and upderiding, comprising regular, well-planned out-door exercise, moderate eating end plenty of sleep. So, in the course of time, he became an expert ericketer, and he outified

ful athletes, but booked upon their physical resources as an inexhaustible reservoir which they could drain without reserve remained young to his very last breath. He was always forward-gazing, "Never-look back," he said in an interview just before he died, "Last's wife looked back, you remember, and she was destroyed. Looking back is destruction

virtually all of his cla-mate, many of whom in their youth and been power-

always - the beginning of the end." Asked for a mes-age for soung men, he said. Young people come to me from every part of the United States. They

say to them? I say, 'Young man, work,' Without work, no amount of talent, no amount of influence, will carry you very far in this world. The higher men-ellmb the longer to their working day. To keep at the top is harder almost than

on amount of influence, will carry you very far in this would. The higher men climb the longer to their exching day. To keep at the top is hapler almost than to get there. There are no office hours for those who would bend.

"And expent great charge. Believe in course!? Labort great thangs of yourse!! Great appartunities are whench, greater than any than have comes before, but only those who lapse couring and expent charge and expent when they come. Of all the elements that are important for smoon, the frest important is faith. Those who three any their mands in discouragement when the first show falls fail to positively and the interface of spring returns. Please Tell Me

Has Platonic Friend Has Platonic Friend

Dear Cynthin—I believe there is such a thing as platonic friendship. I have known a man for more than six years, ever since the both of us were sixteen years of age. It has been married for more than two years and I am engaged to be married. We have been and still are nothing more than 'pals'. Cynthia do you think there are many more blee us. I often wonder if we are out of the ordinary. SMILLES. How do your platonic friend's wife and your own flame feel about this friendship.

Dear Pysitin Maying been a constant reader of your education for some time and ingreded at the wonderful help and advise you give offers. I now come to you for help with my serious propo-

Bruises and Balm

"Gee! girls make me tirea. Let a young doctor come to town and every girl in the place makes it a point

"Bob West!" cried Bob's sister, starting up from the couch, a red spot on either cheek, "if you think I've been near him, you're mightily mistaken. I wouldn't go near his old office if I was

AW, forget it, said Bob, I wash
hitting you, anyway, Guess I'll be
going while the going's good. So long.'

Outside the door his lips puckered
into a whistle. Whistling, he emerged

Outside the door his lips puckered into a whistle. Whistling, he emerged from the house.

"I wonder what's the matter with old Phil (Phyllis was just four years her brother's senior). She did look all increme to think of it. Let's see, she's been working for old Bainbridge going on five years, and anybody that knows anything knows he's flares to work.

Harvard. He had been working all summer, but it had been pleasant work, that of taking parties on the lake in an up-to-date motorboat belonging to the one hotel which the village boasted.

As Bob's thoughts reached the point where it seemed as if every bird on the bough screeched forth words: "She working for you! For you! For you! For you! For you! The next thing that Bob knew he heard a gronn. Again he heard it, and yet again. The sound was close and the point as the real again. The sound was close and the real it again. The sound was close as the real it again. The sound was close as the real it and yet again. The sound was close as the real it and time deciding points. The had the present the cented upon to make prestry the celled

during the day.

Bob opened his mouth and shot out these words. "We've troubles enough without you hanging around here." "Troubles. What do you call troubles?" queried Dr. Boyd. But Bob was gazing out of the win

"Dr. Boyd," he said suddenly,
"what do you think of a fellow that
allows his sister to work herself to shreds to put him through college?"
"I think it's high time he put the brakes on and stopped it," answered the doctor.

"I'm going to," said Bob. "and what's more—"
"Hold on," interrupted the doctor. 'I'm not done. I was about to add and

let her husband advance the funds."

Rob glared at him.

"I'd see a sister of mine skin her husband out of the money to put Bob stopped, "Who's she going to

ve for a husband?" he usked "She's promised to give me a try at it." answered the doctor with a grin. "I had a hunch it was you." said Bob

with an answering grin.

A MODEST EVENING GOWN WON A PRIZE AT A SHOW

If the Trend of the Times Is Proved by This, Perhaps Modesty, Becomingness and Suitability Will Come Into Their Own Again

"Aw. forget it," said Bob, "I wasn't itting you, anyway. Guess I'll be not only some extremely smart gowns, ong while the going's good. So long!"
Outside the door his lips puckered the new and amazing trend of the women's colleges recently sulted if anybody offered her a prize for having a modest evening gown, "It's as good-looking as yours," she

counted just as much. The students acted as their own man-ikins, wearing their own favorite gowns, posing, turning and moving about just like professionals.

The judges had a hard time deciding

For a time it has seemed as if we were trying to win prizes for inappro-priateness, unbecomingness and immed-

Our passionate desire about it has

dren and then buy new ones.

But this rashion show does seem to indicate that modesty is coming back into style again, that becomingness is to be considered in spite of fashion and that the moderate evening gown will no

less her sisters' frocks may be.

All power to them! May they live long enough to see the vindication of becomingness and suitability, the revival of modesty!

About Women

If the lines were not too high at the neck or too long in the skirt, they would do, and if the color was loud and conspicuous it didn't make any difference whether we looked well in it

'em, but let's be devoutly thankful it's no worse. I hope it's enough, however, to cure him from throwing himself in tront of automobiles in general, and mine in particular. I'll run in again during the day.'
