EXPECT ANDREWS TO FACE TRIAL

Attorney Promises to Surrender Him to Connecticut Authorities Tomorrow

WIFE NO. 2 IS IN HIDING

New York, April 19. — Herbert Thornton Andrews, twice-married Wall street broker, will be surrendered to the Connecticut authorities by his counsel tomorrow, according to an announcement last night by Judge Thomas F. Walsh, prosecuting attorney of Greenwich, where the broker married Miss Esther Marie Tatnall last January.

"Jacob J. Lazarow, a lawyer of 25 West Forty-third street," said Judge Walsh, "telephoned me several days ago, and promised to surrender his client this week, probably on Wednesday. When he is turned over to us he will face charges of bigamy and perjury. Inasmuch as I have the lawyer's word that the man will be surrendered, I do not expect to send a man to New York with the warrant of arrest.

Pierce P. Garvan, prosecutor of Hudson county, said that Mrs. Maud Augusta Haynes Andrews, the first wife, would appear this afternoon before the Hudson county grand jury.

"I suppose that Mrs. Andrews will stand on her legal rights and not give testimony against her husband," said Prosecutor Garvan. "But that will not excuse her from testifying against another woman, although her testimony may involve her husband. If the other woman is indicted, the husband must be indicted also."

The section of the Jersey law under which Mr. Garvan will seek an indictment provides a penalty of three years in prison.

Notwithstanding the statement of the opposing lawyers that the reported reconciliation between Andrews and his first wife was mythical, it was ascertained that Mrs. Andrews No. 1 is still willing to take Andrews back and forgive him. She is represented as subordinating all other considerations to desire for the welfare of John Andrews, eight years old, and Harley, six years old, and crippled.

Andrews spent the day at his office, H. T. Andrews & Co., 20 Broad street. The whereabouts of "Esther," the slender blonde whom he married in Greenwich, continued undisclosed. Not a soul in any way connected with the affair could say where she was hiding, and in Pittsburgh, her mother, Mrs. Christine Tatnall, professed not to know.

MAN AND WIFE DROWNED

Motorcar in Which They Were Riding Thrown Into Creek by Collision

Shenandoah, Pa., April 19.—(By A. P.)—Mr. and Mrs. Martin Neals, of Ashland, were drowned in Mahanoy creek, about 10 o'clock last night, when they were pinned under their automobile, which collided with another car.

Mr. Neals was employed as an engineer at Packer No. 5, colery. After his day's work he went to the home of his parents where his wife was visiting and started in an automobile for their home at Ashland. When the automobile reached Oakland it collided on a sharp turn with another car and went into the creek.

STOP "TRISMEGISTUS" BOOK

Reference to Mrs. Eddy Displeases Christian Scientists

New York, April 19.—Because Albert F. Gilmore, in charge of the Christian Science committee on publication for the state of New York, objected to an article, "Science and Health," in the fourth and last volume of "The Cambridge History of American Literature," G. P. Putnam's Sons have stopped the sale of the volume, discontinued the publication of any more copies, and will recall all the volumes so far on the market. The volume was issued just a month ago.

The offending article was written by Dr. Woodbridge Riley, professor of philosophy in Vassar College, Poughkeepsie, N. Y., and he is exceedingly angry at the treatment he has received. The most offending part was where Mrs. Eddy is called "the thrice-married female Trismegistus." Dr. Riley says:

"The one phrase objected to, according to the publishers, was that in which I called Mrs. Eddy 'the thrice-married female Trismegistus.' This is a reference to the so-called 'Hermes,' an imaginary character by whom a great deal in the Third Century Christian Science was fathered. Christian Science is a partial revival of the Neoplatonism of Alexandria."

Arms Sent Postal Force

Chicago, April 19.—William R. Carlisle, postmaster, last night stated the receipt of more than 200 shotguns and revolvers for use in arming postoffice employes in his jurisdiction, together with instructions from Postmaster General Hays to take all precautions in guarding the mails. The order affects virtually all the cities of the Middle West which have been hardest hit by recent mail robberies.

SCRANTON RAILWAY TIED UP

Employes Strike as Protest Against Wage Reduction

Scranton, Pa., April 19.—(By A. P.)—Service on the Scranton and Binghamton Railway, operating between this city and Montrose, Pa., was suspended today by unanimous vote of its 150 employes against a 12½ per cent wage reduction. The company also furnishes light and power to Clark's Summit, Clark's Green, Waverly, Glenburn and Dalton, and to intervening farms and country residences all of which are cut off by the strike. The suspension will also interfere with water service to these places.

The company refused to arbitrate unless the result of such arbitration carried a wage reduction. The lines cover forty miles and, besides the towns named, reach Factoryville, Nicholson, Hop Bottom, Montrose and Brooklyn, in Susquehanna county.

"Jackie" Coogan Getting Better

New York, April 19. — Babe Ruth called up "Jackie" Coogan's room at the Biltmore Hotel twice yesterday to find out how the little film star was getting along. He was relieved to learn last night that "The Kid" is out of danger. "Jackie's" mother is hastening East from California. She will arrive Saturday.

GIPSY DYNASTY AT STAKE

Heir to Kingship of American Tribe Is Critically Ill

Detroit, Mich., April 19.—(By A. P.)—Whether the dynasty of the tribe of Demitro, one of the oldest reigning gipsy houses in America, is broken depends on the fight of eight-year-old John Demitro for recovery from pneumonia. The lad is in a hospital here, critically ill.

John, the only heir-in-line to the title beside his father, Ephraim, is the one concern of 1641 families in the United States and Canada, whose king is Zitho, the boy's grandfather. Many members of the tribe have visited the boy's bedside, some coming from New York, New Orleans, Chicago and San Francisco.

THE Laun-Dry-Ette washes the clothes quickly and thoroughly but it does far more than this. It *dries* the clothes dry for the line in *one minute.*
The Laun-Dry-Ette has no wringer to crush the buttons or injure the fasteners. By *whirling* the clothes dry it makes it possible to do an entire washing without putting the hands into the water. Let us demonstrate.

Make this gasoline test

Put some Atlantic in your tank. Take the car up some familiar hill on which you have observed the usual pulling power of your motor.

You'll *feel* the difference! You'll *know* the fuel is Atlantic!

We say this with a conviction born of an inside knowledge of how this still better Atlantic Gasoline is made—of the specific processes which govern its refinement; of its quick-acting *volatility*, its power-producing *stability*, its unmistakable *purity* and *uniformity*.

There are other tests by which you can prove that Atlantic is the finest motor fuel in the market today: In the easier starting of the motor; in quicker getaway and faster pickup; in the disappearance of fuel "knocks"; in diminished carbon deposits; in *greater mileage*.

You try it! There's a pump near you.

You'll read every word of this interesting book, "The Story of Gasoline." Get a copy. Write to The Atlantic Refining Company, PHILADELPHIA
