### "Why I Drink Paradise-"

(What One Woman Wrote Us)

. Doctor. prescribed the drinking of at least three quarts of water every day, but I simply could not drink that much of our regular faucet-water; the taste was far too unpleasant. Luckily, I heard of this delightful Paradise Water, and really, drinking three quarts of it a day is a treat. Best of all, I can see that it has benefited me considerably.

Any number of people report that the continued use of Paradise Water is of distinct benefit in the relief of disorders such as weak digestion, constipation, stomach headaches, gaseous condition of the stomach, intestinal trouble, kidney and bladder trouble, prostatitis, etc.

People past middle life are particularly enthusiastic about Paradise. They find that by promoting the proper functioning of the kidneys, it makes for a healthier condition of the arteries and heart, which tends to ward off hardening of the arteries. Paradise will indeed aid in increasing one's years of usefulness and well-being.

You will benefit by drinking Paradise Water. Even if you are in perfect health, you are bound to appreciate the buoyant, exhilarating effect that the continued use of Paradise Water produces. Why not phone your grocer today and order a case? Quarts, pints, half-pints-all fullsize. Natural or Carbonated.
