OIL OF CLOVES

Tenderest Feet Benefited By

on the nerves of tired, swollen, aching feet as it does in an aching tooth.

This discovery was made by a lady who in desperation tried Greaseless Noxzems Skin Cream (which contains oil of cloves) on her poor, tired feet.

The cooling, soothing Noxzems qualished into the skin, bringing instant relief to the tired burning feet—blossed relief—the soreness was gone. Try Noxzems. It scothes and heals the most fevered or tender tissues. Get a small jar from your druggist, or the Noxzems (hemical Co. of Baltimore, Md., will mail you a large souvening and 10c to cover postage and packing.—Adv. Oil of cloves will act as surely-

in Bricks. Do YOU KNOW WHY bricks are so cheap?

Five-pound blocks of indestructible burnt clay. every one of which, when built into a house or factory, makes lasting wealth for the owner, are delivered on the job for less than two cents each!

Wealth

Bricks go direct "from factory to consumer"-no jobbers or retailers to add big profits. Selling costs are almost nothing. If these same bricks were wrapped in tissue paper, placed in a fancy box, and handed over the counter of a Chestnut street store by pretty girls, they would have to be sold at a dollar each.

All wealth comes from the earth. When coal burns clay into bricks, and the bricks are built into an indestructible house, they make wealth that enables the owner to pay a dollar a pound for sugar burned into candy.

Build something permanent now of bricks, and help swell Uncle Sam's credit and your own property list.

When you want any infor mation about bricks, their kinds, colors, qualities, styles, uses or prices, the products of different makers, how to word specifications, names of com-petent architects, builders, engineers, etc., call up either of our offices:
