## "Slim" Harris' Masterly Twirling Tumbles Washington From First Place in American League

Seattle Lad Performed Bril- Jean Seurin, French liantly in Feature Races on Saturday's Program; Lost Baton Costly

Out of the two defeats suffered by the University of Pennsylvania team in the relays on Saturday afternoon, the students of the Red and Blue institution have one consolution. Larry Brown's performances on that day were such as to place him in the eyes of the students as a hero. The Scattle youth, after as a hero. running the fastest three-quarters of a mile ever seen on Franklin Field on Friday afternoon in the distance medler, came back the following day and ran the second haif in 1.54 1-5 and a quarter mile that was clocked in 49 seconds, unofficially.

ran a heart-breaking race and sucabout twelve to fifteen yards in the van. Then followed a brilliant half mile with Eby touched off with a few yards.

Eby Outsprinted The tow-haired Penn leader was entent to take it easy during the first parter as were also Tom Campbell, of Yale, and Graham, of Ames. On the last quarter the battle started with. Eby and Graham doing most of the fighting and Campbell the holding back. The race between the Penn and Ames

Runner, to Remain Here

Jean Seurin, who ran the first quarter for the French team at the relays last Saturday afternoon, and who is the 200 meters sprint champlon of France, announced this morning that he intended remaining in the United States. He will accompany his brother athletes to New York tomorrow and remain with them until they sail. He expects to make his home in Detroit with an uncle, a professor of French in Michigan University. Whether he will matriculate at Ann Arbor he said he had not decided. The French team expects to sail Saturday.

team expects to sail Saturday.

Iteam expects to sail Saturday from the expense of the team on the post of the expense of the team expense of the expense of the team on the post of the expense of the team expense on one of the team expense of the team expe running of the team as a whole was field with our heads bowed. We leave wonderful. The brother of Ted lost at least twenty-five yards at the start and tried gamely to bring it back, but he was unequal to the task. McMullen ran a heart-breaking race and suc-

Americans, who cheered us when we were losing.

For the first time in the history of the four-mile relay at the carnival the University of Pennsylvania did not have a team entered. This year Coach Lawson Robertson is shy on milers and was loath to place a medicere quartet in the race against the stars from the West and East. The big surprise of the race was the wonderful showing of the Cornell four and proves that Jack Moakley can still gather distance men together and make stars of them.

Wright Star Hurdler

Ehy and Graham doing most of the fighting and Campbell the holding back. The race between the Penn and Ames runners proved costly to both and Campbell uncerking a beautiful sprint down the stretch passed both men. Graham pulled a burst of speed in the last ten yards that carried him home two yards abead of Eby and the race was lost.

Keene Fitzpatrick knew what he was talking about when he stated that Syracuse would win the mile race. Had Penn a faster man in the first quarter than Jack, who drew up in sixth position, Penn might have won the race. The combined efforts of Eby and Maxam as trelay, but it was insufficient. If Eby and Maxam had not found it necessary to make up lost ground or just a little of it. Penn would have won. Woodling seems a superse to make up lost ground or just a little of it. Penn would have won. Woodling seems and some two first was entered in the care that time due to the war he world's record the world's record to the large crowd that he is still the class of the timber toppers by defeating Wright, of Nebraska, the Western champion: Barron, of Penn State athlete.

George Bronder, now a student in the Architectural School of the University of Pennsylvania came back in the limit for the picture for the first time on Saturday, when the team ran in the interproved to the large crowd that he is still the class of the timber toppers by defeating Wright, of Nebraska, the Western champions and about two feet ahead of the University of the South. The real surprise was the victor. The Archives put up a plucky fight and finished second.

Western and make stars of theeven the world's record the picture for the first time on Saturday, when the team ran in the interproved to the large crowd that he is still the class of the timber toppers by defeating Wright, of Nebraska, the Western the picture for the first time on Saturday, when the team ran in the interproved to the large crowd that he is still the class of the timber toppers by defeating Wright, of Nebraska, the Western the second to the larg

Woodring rom a great race, worthy of an Olympic champion, in the last quarter, turning in probably the best during the Olympic tryonts, and was during the Olympic tryonts, and was a different story on Saturumble to compete. He will not represent the relay record for a couple of goals. But there was a different story on Saturumble to compete. He will not represent the relay record for a couple of goals. But there was a different story on Saturumble to compete. He will not represent the relay record for a couple of goals. The teams raced neck and neck the relay record for a couple of goals. The teams raced neck and neck the relay record for a couple of goals. The teams raced neck and neck the relay record for a couple of goals.

U. S. ROYAL CORD

A famous tire—a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season. The stripe around the side-walls is registered as a trade-mark in the U.S. Pat. Office.

## The Tire Situation Right Now

TITHIN the next 24 V hours American car owners will buy around \$2,000,000 worth of tires.

People will say that here's another picture of American buying power.

Forgetting, perhaps, that the thinking power of the average citizen is the thing to be dealt with today.

Spectacular money and runaway expense don't go with him any more.

When he sets out to buy a tire he is not interested in big sales figures, but in the one individual tire he is getting here and now.

There is a movement among tire-dealers to make tire-economy a reality to the car owner.

These dealers are handling nothing but United States Tires. Gearing-up to meet the new thrift-times.

A customer comes in and asks for, let's say, a 35 x 5 Royal Cord. His size is in stock. No waiting. No being talked into a "secondchoice" make or a "job-lot".

Open good faith on both sides of the deal.

And the purchaser goes away with a fresh live tire of current manufacture.

All this is economy and service.

And there isn't any other kind of economy and service.

There are thousands of dealers right now who are concentrating on United States Tires.

Thousands more are getting ready to do the same thing.

They believe in U. S. quality. in the U. S. square policies—to the full extent that they put their whole personal investment behind what U. S. stands for.

It is a pleasure to say that these tire men are laying the corner-stone for a tire service far ahead of anything the motorist has ever known before.

Go where you find the U.S. Sign and see.
