A'S WINNING STREAK OF 2 GAMES IS BUSTED IN TEN-INNING BATTLE

Mackmen Stumble Into Hard Luck and Flop to Washington in Final Game of Series—Big Track Meet to Be Held on June 4

By ROBERT W. MANWELL

A FTER piling up a record run of two straight victories, the Athletics stumbled vesterday and busted the winning streak in a million places. Washington grabbed the final game of the set and drew closer to Cleveland for first honors in the league

However, the Athletics and not look like the Athletics of old, despite the defeat. The kids performed well and finished on the wrong end of the score because of hard luck. Time and again opportunities to score were thrown away. Six hits in the first four frames yielded only one run, while Washington secred twice on three hirs and an error. But baseball is baseball, Joe Judge won the game for the Senators a couple of times. In the eighth

iuning he put one ever on Dykes when Jimmy was standing flat-footed off first. He ran to the bag, got the throw from Zachary and this made Galloway, who was on second, try for third. He was an easy out and a perfectly good batting rally was supped. Then in the tenth Judge connected with a triple with two on base, and those two runs decided the contest, Judge is one of the best first-sackers in the league, but seldom is men-

tioned outside of his own city. He does everything well, fielding with the best of them, showing speed on the bases and clouding the bail. He is a consistent performer and a star who receives little credit Connie's outfield looks much better with Frank Walker in center field.

Frank can go get 'em and covers lets of ground. He still is a triffe weak with the willow, but is bound to improve. Whitey Witt has developed into a mighty good outpost and will stick in the right garden, and Tilly Walker is The Walkers were responsible for the defeat in the second inning. First

Frank caught a short fix and made a poor peg to the plate, allowing the rupner to some from third. Shortly afterward Tilly Walker, who has one of the strongest arms in baseball, made a terrible throw to the plate and another run secred. Those two bum heaves ruined the afternoon for Connie Mack. Scott Perry will not pitch for the A's again for the next ten days. The big twirler became enthusiastic over his victory on Monday-in fact, with full of entitusiasm when he attended resterday's game. - He celebrated like an optimist on New Year's Eye, and Counte presented him with a ten days vacation and a fine of \$100. If, at the end of ten days, the big boy is able

Dr. Orton Preparing for Legion Meet

TRACK and field sports will be quite prominent in Philadelphia this summer. This is because of the great success of the University of Pennsylvania relay energyal which ended last Saturday. That meet was the best-conducted in history, George timen handling the 2000 entries and running off the many events without a hitch. Dr. Orton did wonderful work and the public has the utmost confidence in him. The biggest thing about the relays, to my mind, is the treatment accorded

the young-ters. A kid runner eight years old is treated the same as a college There is no discrimination. Grammar school races are run the same as international championships—the same rules and everything. In other words, special attention is paid to the youngsters, and this more than anything else is mosting the sport. Get 'em while they're young and the future will take care of itself

Dr. Orton is running another hig track and field meet on Franklin Field Saturday, June 4. The games will be held under the suspices of the American Legion and all of the stars of the country will compete. For the first time in history teams representing the Army, Navy and Marines will compete, and there will be a special one-mile relay race for the international championship between the United States, England and Canada.

Detween the United States, England and Canada.

The meet will be held on a large scale. The adjutant general of the United States army has notified every army post in the country to get its best athletes in shape, and these will be sent to Camp Dix and Camp Meade about the middle of the month, where they will finish their training. The Navy and Marines will do the same, the Marines completing their training at

Quantico and the Navy at League Island.
This is the hist time all three branches of the service have been brought together in one athieris event, and this has been due to the efforts of Major Rex Hogan, chairman of the athletic committee.

A magnificent trophy will be given to the branch of the service which makes the most points in the meet.

In addition to the events open for members of the American Legion. as will be held. One will be a magathon gun from nova to Franklin Field, which promises to have a large number of entries. The Meadowbrook Club has a dozen men in training, and the Shanahan and other Cathodic clubs, the Enterprise Club and the Germantown Roys' Club all will be represented. Fred Faller, the ten-mile and cross-country champion of America, siresd, has sent in his entry,

There will be a special invitation mile, which will bring together Cutbill, the Flying Parson: Crawford, of Lafavette; Connolly, of Georgetown; Higgins, of Columbia; and Brown, of Pennsylvania. All of these men have traveled the distance under Amanutes and 20 seconds.
