ROAD CHIEF HELD ON GRAFT CHARGE

Arthur Hayden, State Highway Foreman at Ambler, Accused of Padding Payrolls

3 OTHERS ARE ARRESTED

Arthur Hayden, a foreman of the State Highway Department at Ambler, ex-chief and councilman of the borough, was arrested at Harrisburg yesterday, charged with padding the payrolls of the Highway Department.

He was brought to Ambler and after a hearing before Magistrate Haines, of Norristown, he was held in $2500 bail for a further hearing.

Three others were arrested at the same time, accused of being associated with Hayden.

They are Oscar H. Miller, John Tompkins and Wilmer Knott, all of Ambler, and said to be employed by Hayden on road construction. Tompkins and Knott were released in $1000 bail for a further hearing next week and Miller was committed to jail in default of $2500 bail.

Hayden is a blacksmith and one of the most respected and prominent officers in the borough. News of the arrest caused a sensation in the quiet little town when Constable John Woods went to Harrisburg and returned with his prisoner.

Hayden has been a foreman of the road construction and Tompkins and Knott are truck drivers. For some time past the Highway Department has been quietly conducting an investigation to ascertain if the payrolls were padded.

Tompkins and Knott are said to have been questioned, and according to state officials, broke down and made a confession. These men are said to have signed the payroll vouchers for sums in excess of their wages and that Miller was in a conspiracy to handle the matters. It is said further arrests may be made in connection with the payroll padding.

The Highway Department has given no statement as to the amount involved, but it is said to be less than $10,000.
