Extraordinary Spring Sale of Hosiery and Underwear

Almost Every Year Has Its Silent Battlefields

where self-renouncing, faithful sons, daughters, kinsfolk, become heroes by their sacrifices and devotion to the lonely and suffering.

It is typical of a woman to live a life of renunciation and self-denial for the sake of her boy's education or her daughter's schooling.

She keeps on through the years, wearing her old clothes, turning them inside out and retrimming them in inexpensive ways that she may carry out her plans for her children. I like to quote old hurly-burly Martin Luther, who said that the noblest thing ever placed on the earth is a noble-hearted, loving woman.

Bless her—so say we all of us! Let your lips and mine say so today to the best woman we know.

Graceful Mole Furs

We are having a great deal of the weather which—as the four-year-old said—is fine for wearing clothes. Especially is it fine for wearing furs—and mole furs are among the best furs to wear, being particularly soft and drape-able.

There are little plain ties of mole for only \$22.50; and there are novelties which cost more, such as a fancy scarf with long Georgette ends at \$75; a cape wrap with adjustable sleeves at \$275; a mole and gray squirrel collar at \$110; and another collar in which the mole is combined with light colored caracul, price
