Mexican President Threatened by Liberal-Constitutionalist Party

ACCUSED OF RADICALISM

### Four Acres of Carey Roofing Twelve Years in Use

Plant of T. B. Wood's Sons Co., manufacturers of power transmission machinery. Chambersburg, Pa., covered with Carey Roofing in

Durability, with the attendant low cost per year of use, is strikingly illustrated by this first of a long series of Carey American installations in this immediate territory.

Only once since the installation was made has the Wood plant had attention, and then-merely as a precautionary measure-it was treated by us with Carey Fiber coating, which renewed it for many more years of service.

"THE AMERICAN WAY" describes a service that is available on short notice to builders, contractors or individuals everywhere in Pennsylvania, New York, New Jersey, Delaware, Maryland and Virginia. We are glad to estimate on roofing and pipe-covering work of every description.
