

MEMORIAL DAY PLANS COMPLETED

Legion County Committee Will Announce Arrangements Tonight—Many Posts Interested TO PUT FLAGS ON GRAVES

Plans for the observance of Memorial Day have been virtually completed by the American Legion here and a full report of the work done by the committee in charge of the arrangements will be made at the meeting of the County Committee tonight.

The majority of the seventy-eight posts in the city have applied to City Councils for an appropriation to help them defray expenses and each of them will affiliate at one or more local cemeteries with the G. A. R. or the Spanish War Veterans.

To assist the Legion posts in locating the graves of veterans of the World War, many of whom died of influenza in the Southern camps, the committee requests families of these men to place a small American flag on the grave as a marker so that they can be discovered.

The Legion has purchased 225 grave markers bearing the Legion emblem, which will be distributed to thirty posts which applied for them and they will be used as grave markers for Legion men. More will be added in the cemeteries from year to year.

Next Friday speakers from several Legion posts will speak to audiences of school children in their respective communities.

Mayor Moore will address the William P. Rooke Post tonight at a meeting at post headquarters. A silk American flag will be presented to the post by the National American War Mothers and the Ladies Auxiliary of the post.

The Mayor will make the presentation speech and the flag will be accepted on behalf of the post by George F. Connell, post adjutant. The entertainment committee has arranged an elaborate program for the occasion.

MONKEY SENT TO JAIL
Owner Didn't Care for Companion After Winning it at Raffle

A chattering brown monkey, who hoped to find a comfortable home through the good offices of a raffle at which he was the first prize, found a home, but not what he anticipated. For the information of those who might desire a pleasant companion, his present address is the Gloucester County Jail, at Woodbury, N. J.

Warden Mager, who acts as interpreter, says that Monk is very friendly, possesses a flowing line of conversation and a healthy appetite, but does not like his present quarters.

If you'd like to have him put in your claim, for Surrogate F. D. Pedrick, of Woodbury, who sentenced the animal to jail, does not want him. The Surrogate has a brother in this city who won the raffle where the monkey was the prize package. He wished him on the Surrogate. The Surrogate did not relish the latest addition to his family, hence the jail.

Scientist's Son Kills Himself
Baltimore, Md., May 24.—(By A. P.)—Henry A. Rowland, twenty-eight, son of the late professor Henry A. Rowland, one of the original faculty of Johns Hopkins University and a scientist of international reputation, killed himself by shooting in his home here yesterday.
