

JEWISH CHARITIES PASS THEIR GOAL

More Than \$250,000 Raised for Year's Work as Dinner Ends Drive 600 Campaigners Cheer

When the eight-day drive for the Federation of Jewish Charities of Philadelphia closed last night in a dazzling shower of gold, the volunteer workers relaxed for the first time, their faces radiant with the consciousness of a victory earned and won.

The quarter-million dollar goal was passed by more than \$5000. The grand total of collections was announced at a rally of team workers and their captains at the Adelphi Hotel as 228,197.

That answer means that thousands of suffering men and women, the aged, the homeless, the down-trodden, the destitute, widows and orphans, will be cared for another twelve months.

But the Federation is not going to rest on its laurels. Colonel Samuel D. Lit, one of the leaders of the campaign, announced that the Federation next year will launch a \$1,000,000 campaign in connection with an extensive building program.

The \$1,000,000, Colonel Lit said, would be collected over a period of four years, and the fund would be used to erect up-to-date buildings, full of light, air and sunshine, for several of the institutions affiliated with the Federation.

Thousands of men, women and children declared the colonel, "are turned away from our doors each year, even while the generosity of the Jews of this city enables us to keep those doors open. The reason is that there is not sufficient room in our hospitals, our orphanages and other refuges for the sick, the aged and the poor."

Many Buildings Antiquated "Our buildings are not only cramped, they are also antiquated. Many of the institutions are sorely in need of up-to-date quarters. I am confident that all of you will give us your best efforts in that work as you have in this campaign and in the past."

The team captain assured Colonel Lit and Louis Wolf, president of the Federation, that their groups of workers stood ready to enter the field again at a moment's notice at the call of the heads of the organization. The day's total reported last night was \$94,167. Added to the previous total of \$191,630, that sum brought the grand total up to \$285,897.

The team reporting the largest total for the entire drive was that captained by Albert M. Greenfield, which reported contributions of \$35,000. Jacob D. Lit's team was second, with \$29,074; the team of Ellis A. Gimbel third, with \$27,725; that of A. Wolf fourth, with \$27,047, and that of Joseph N. Snellenburg fifth, with \$11,816.

The women's division, under the leadership of Mrs. Arthur Loeb, surpassed its efforts in all previous campaigns, collecting \$28,000. The money among the women was that of Mrs. Benjamin Wolf, which raised \$11,571. Mrs. Joseph Weinstein's team was next, with \$9031.

26 TO TEACH FIRST AID Red Cross Examinations for Inspectors in Factories Passed

Twenty-six persons, four of them women, yesterday passed the examination for inspectors given by Major M. J. Shields, the local representative of the Red Cross, and will teach first aid in the industrial plants in the Philadelphia district.

They will carry out the state-wide campaign of Clifford B. Connolly, Secretary of Labor and Industry of the State, to reduce the seriousness of accidents in the plants. Their aim is to teach the application of first-aid treatment, explaining to workmen the importance of immediate attention in minor accidents.

Major Shields, who was the originator of industrial first aid, will instruct similar inspectors in the offices in Scranton, Lancaster, Pittsburgh.

MRS. DOLAN LEFT \$500,000 Accounts of Administrators to Be Called for Adjudication Next Month

Mrs. Sarah Brooke Dolan, widow of Thomas Dolan, left an estate valued at \$500,750.21, according to the accounts of the administrators, the Fidelity Trust Co., Thomas J. Dolan and H. Gale Dolan, which will be called for adjudication in the Orphans' Court early next month.

Mrs. Dolan died intestate, on August 17, 1920, at 1569 Walnut street. The accountants in their statement claim credit for disbursements amounting to \$84,152.02, leaving \$446,607.19 for distribution among the heirs.

ALPHA BETA PHI HOLD INITIATION

The West Philadelphia High School chapter of that fraternity selected Chestnut street for a part of the initiation ceremonies. This group was caught at Tenth street

COLLINGSWOOD TO HONOR WAR HEROES

Monument to Living and Dead Who Served Abroad to Be Unveiled

The memorial monument to the 200 men and women of Collingswood, N. J., who served in the World War was placed in position there today on the high school plaza, facing Knights Park.

The monument of pink granite stands sixteen feet high and is surmounted by a bronze eagle perched on a ball. The names of the former service men and women of the town appear on a bronze tablet.

In the list of the borough's heroes are four gold star names. These are Robert Shields, William Tate, Harry Rowles and Elwood Young. Shields, a marine in the famous Second Division, was killed at Cantigny while attempting to save the life of a wounded comrade.

Elaborate ceremonies have been arranged for the dedication. United States Senator Walter E. Edge will be the principal speaker.

A parade of ex-service men, Civil and Spanish War Veterans, National Guard contingents, sailors from the Philadelphia Navy Yard, fraternal and patriotic societies, Red Cross units, Boy and Girl Scout organizations, fire companies and school children from neighboring towns will precede the unveiling.

A feature of the ceremonies will be a shower of a thousand tiny American flags to be dropped from the top of a hundred-foot flag pole at the climax of the exercises.

Hundreds of school children, under the leadership of Miss Ethel McKinley, musical director of the Collingswood schools, will be massed about the monument and sing patriotic songs.

The dedication program is in charge of the Collingswood Fire Co., of which Mayor Thomas W. Jack is president.

Moorestown Girl Honored Miss Anne Horner, a sophomore at Wilson College, has just been elected exchange editor on next year's Pharetra Journal. Miss Horner has already been the recipient of several college honors and was a few months ago made a member of the honorary upper class literary society, Phi Chi Psi.

Miss Horner is a daughter of Mrs. John G. Horner, of Moorestown, N. J.

TEACHERS VOTE THIS WEEK

Choose Representatives to the Much-Talked-Of Council

Teachers are balloting in the public schools this week for their representatives at the teachers' convention which will form the much-talked-of Teachers' Council.

Word has been sent from educational headquarters as to the allotted number of delegates for each group of instructors. The department of superintendent has selected its representative—Dr. Oliver P. Corman, an associate superintendent. Superintendent Broome was chosen, but he declined to act, saying he would rather not be an elected member of the convention, but merely an adviser.

Dr. Spencer is Tendered Reception A reception was tendered to the Rev. Dr. David Spencer, pastor emeritus of the Lehigh Avenue Baptist Church, at his home, 2735 North Thirteenth street, last night.

The occasion was the eighty-second anniversary of Dr. Spencer's birth. Dr. Spencer retired from the ministry five years ago. He previously had been pastor of the Lehigh Avenue Church seven years. He was born in Germantown and had been in the ministry sixty years.

TO HONOR DR. SCOTT

Musicians to Endow Scholarship in His Name

The thirtieth anniversary of the Philadelphia Music Teachers' Association will be celebrated at the Bellevue-Stratford this evening with a banquet. Nearly 500 reservations have been received.

A special tribute of honor and esteem will be paid Dr. Hugh A. Clarke, dean of the department of music at the University of Pennsylvania. Feeling that some permanent recognition is due him for his long and faithful services in holding up the standard of music in Philadelphia for sixty years as teacher, organizer and choral director, a committee of the P. M. T. A., assisted by the Alumni Society of the University and other musical organizations, has obtained the amount necessary to establish a scholarship, in his name, in the music department at Pennsylvania.

This scholarship, to be known as the Hugh A. Clarke Scholarship, will be received for the University by Dean Warren P. Laird. As the fund has been over-subscribed, the balance will be presented to Dr. Clarke.

FOR MEMORIAL DAY SPECIAL SIX GERANIUMS IN BLOOM \$1.25 Not Delivered. Flowering Plants: Asters, Cannas, Clematis, Geraniums, Honeysuckles, Hydrangeas, Moon Flowers, Sweet Alyssum, Scarlet Sage, Roses, etc. Vegetable Plants: Cabbage, Lettuce, Cauliflower, Parsley, Tomato, Egg Plant, etc., fresh from our nurseries every day. MICHELL'S SEED HOUSE 518-16 MARKET ST. PHILADELPHIA

CITY PLAYGROUNDS TO OPEN SUNDAY

Director Tustin Makes Announcement Following Criticism by Councilman Hall

WILL REDUCE ACCIDENTS

Philadelphia children will have opportunity for recreation on the municipal playgrounds on Sunday after-noon. That is made possible through the announcement of Director of Public Welfare Tustin yesterday following a meeting of Council's Welfare Committee.

The action followed the criticism of the closed playgrounds in the congested districts, made recently by Councilman Charles B. Hall.

The committee was considering the appropriation of \$5000 for the purchase of playground equipment.

"It is the intention of the department," said Mr. Tustin, "to use the equipment in the smaller playgrounds in the congested sections." He also stated that it had been the experience of the department that the increase in conveniences was always followed by a reduction of street accidents involving the smaller children.

"I am very glad to hear the Director talk that way," said Mr. Hall. "In the first four months of this year twenty-eight children were killed and 380 injured as a result of accidents on the streets. I believe the city is making a mistake not to provide for more small playgrounds."

"In many of the crowded districts the city ought to have places where mothers can take their babies on hot nights and if they want to, let them stay there all night."

Director Tustin also made announcement was thoroughly in accord with Mr. Hall's suggestion.

The Councilman told of a Sunday afternoon he had made to Wecacoe Playground, Catharine street between Fourth and Fifth. "There's a big iron fence around the playground and it was padlocked. Children were playing all around the street outside. 'Are you going to open it up for us,' several of the children asked. In reply to a question the youngsters told me it was never opened on Sunday, and only the afternoons of other days."

America's foremost cigar. YOU can increase your Smoke enjoyment just as surely as thousands of other men throughout the country — by smoking Girard. A better, bigger Smoke than ever. Try them and see. GIRARD Never gets on your nerves. Includes image of a cigar and the Philadelphia dome.

Free At your store this week. This 10-Day Tube of Pepsodent. Simply present the coupon. This test will prove a delightful revelation. It will show you the way which millions have found to whiter, cleaner, safer teeth. Includes illustration of a man and woman.

Are You Fit at Fifty?

As you dream of boy-hood activities, are you satisfied with your physical self today? Some folks, you know, are old at forty; others young at sixty. One's age is not so much a matter of years as it is a condition of the body. Many physicians and scientific men say that the average life could be increased in usefulness by a number of years if we drank nothing but absolutely pure water. The purest natural water reported by the U. S. Government is Paradise Water, with less than one grain of solid matter in a gallon of 58.372 grains! Unlike ordinary water, it does not bring either germs or insoluble mineral impurities into the human system. Instead, it is highly solvent, which means that it dilutes and dissolves the poisonous wastes of the human system, flushing them out! Because of this cleansing and purifying effect, the continued use of Paradise Water promotes the proper functioning of the kidneys, which in turn produces a healthier condition of the arteries and heart. Paradise, therefore, by tending to ward off hardening of the arteries, is especially beneficial for people past middle life. It will indeed keep you fit at fifty! Paradise is delightful in taste—a perfect table water. Quarts, pints and half-pints. Natural or Carbonated. At grocers and drug stores. Try a case.

PARADISE SPRING COMPANY, BRUNSWICK, MAINE. For sale by: Michel's Place, Co., 1811 & Chestnut St., 1212 Market St., 5510 Germantown Ave., Atlantic City, R. J. Harter, 1151 Germantown Ave., 1000 E. Carroll-Logan, Henry Hubner Co., 310 & Race St., Street & Troth, 6228 Baltimore Ave. Also lists other distributors like Jan. Johnson's Sons, etc.

Not for Women Only To millions it is bringing whiter teeth

This new way of teeth-cleaning appeals to women. It brings them prettier teeth. But men also enjoy it, and children must use it to properly clean their teeth. Millions now use it, largely by dental advice. The glistening teeth you see everywhere now show the results of its use. Everyone needs it, as this simple test will show. See the results it brings in ten days and decide that for yourself. You must fight film. Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, gets between the teeth and stays. The ordinary tooth paste does not effectively combat it. Your tooth brush has left much of it intact. And that clinging film may do a ceaseless damage. Film absorbs stains, making the teeth looking dingy. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles, local and internal. Thus film causes most tooth troubles. And, despite the tooth brush, all those troubles have been constantly increasing. Some have become so common as to be alarming. Now ways to combat it. Dental science has for years sought ways to combat that film. The ways have now been found. Able authorities have amply proved their efficiency. Leading dentists everywhere now advise their daily use. The methods are embodied in a scientific tooth paste. The name is Pepsodent. Its use is fast spreading the world over. To let all know it quickly, a 10-Day Tube is being presented to anyone who asks. Thus thousands of new people daily are learning its delights. Combines five effects. But Pepsodent does more than fight film. It fights the acid which is a great tooth destroyer. Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is to digest the starch deposits which may otherwise remain and form acid. It multiplies the alkalinity of the saliva. That is Nature's neutralizer of the acids which attack the teeth. It combats the film wherever it adheres. It leaves the teeth so highly polished that film cannot easily cling. Pepsodent is also included. See and feel it act. The results are not uncertain. You can see and feel them. Some are almost instant. A ten-day test is most convincing. Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects. To millions this test has proved a revelation. It has shown them the way to prettier teeth, to cleaner, safer teeth. One does not return to the old ways when he sees what this new way does. The delightful results. One conspicuous effect is to beautify the teeth. Another is a feeling of cleanliness. Men who smoke will see great changes. It is film that absorbs tobacco stains. But it is most essential to the children. Young teeth are most subject to film and starch attacks. Dentists advise that children use Pepsodent daily from the time the first tooth appears. Under old methods, very few children escape some tooth destruction. To all this test is important. Cut out the coupon so you don't forget to make it. Present it at your store.

Pepsodent PAT. OFF. REG. U.S. The New-Day Dentifrice. Endorsed by authorities, advised by leading dentists everywhere, and supplied by all druggists in the large tubes. Free at These Stores This Week Simply present the Coupon. Lists various drug stores like Caballero Drug, Liggett's Drug Stores, etc. Includes National Drug Stores logo.
