

June Will Open With Two Great Sales and a Host of Fine New Goods

The Speech a Man or Woman Makes When Mad

does more harm than good. Anger is always a bad speechmaker. Brains have been pretty fairly distributed, but bad temper, at times, utterly defeats their proper use.

Almost all wars of nations and of individuals are entered into hastily.

There is only one sensible thing to do with mistakes, and that is to correct them quickly as possible, without smashing each other's faces and bankrupting ourselves financially, as nations or individuals.

"Say—now—listen!"

Summer Has Really Started and White Silk Dresses Arrive

They are the silk Jersey dresses that so many women are wearing as in-between dresses this year. They are not too formal for any day-time use and they have the advantage of being able to be packed in a suit case or other small space without musing. The silk Jersey is a good firm weave and lends itself to the elaborate braiding, embroidery, the pleated skirts and flying panels that so many of these dresses show. One of the newest touches is a navy blue piping to the panels of a particularly pretty dress, another is the new chemise style with a straight panel of embroidery down the front. There are ten different models and they come in 34 to 44 sizes. Moderately priced at \$32.50 to \$57.50. (First Floor, Central)

Young Women's Cool and Lovely Organdie Frocks for \$22.50

Cool as an ice, as lovely as the Summer maid could wish, and in the most entrancing colors are these new organdie frocks, which have just been taken from their tissue wrappings. They are all of transparent organdie in white, maize, light blue, Nile green, shell pink, navy blue and fiery—a new color. Some are ruffled, some are trimmed with white, and some have loops of organdie most effectively arranged. They are youthful and sweet and fresh—and ready to go to Summer weddings, garden parties, class days and other festivities. 14 to 20 year sizes. (Second Floor, Chestnut)

Wool Jersey Sports Coats Are Good for Traveling

And this means by rail or by water and for motoring. They are little inclined to tumble and they don't mind an occasional shower. All in all, they are as practical and economical a coat as a woman can buy. One style at \$18.75 has a full-length Tuxedo facing in a contrasting color. It is three-quarter length and belted. Another at \$37.50 has a round roll collar, deep armholes and inverted pleats in the back. The colors are Oxford, brown, navy, lighter blue, gray and tan. (First Floor, Central)

New Wash Silks for Land or Water Wear

Wash silks in red, jade, henna, beige, brown, gray, pink, yellow and black, for all sports, sea-shore and country wear, including beach and surf suits. Yard wide, priced \$2.50. Natural Chinese pongee in lightweight for hot-weather wear, \$1 a yard. Heavier quality at \$1.25. Both 33 inches wide, and extra good. (First Floor, Chestnut)

The Strap Slipper—Where It Came From—Where It Is

"Where did this great wave of strap slippers come from—how did the fashion originate?" we asked a shoeman. And what do you think he said? That it is a French fashion—as we know—and that it got its impetus in this country from the pretty little short-vamped strapped slippers the French war-brides wore over! The men who design shoes just tried the entire idea. American women rejected the extremely short vamp, but clung to the strap. And hence spread the strap to every feminine foot in the country. Be that as it may, the strap slipper is a pretty and becoming fashion, and it will be long before women give it up. In no place in Philadelphia can women see it in greater variety than at Wanamaker's.

Many Women Prefer a Corset That Laces in Front

Frolaset corsets are priced from \$5.50 up—at this price an excellent pink coutil model with low bust and medium length skirt.
