

MILITARY FUNERAL FOR COL. GALBRAITH

United States Regulars and Service Men's Organizations to Participate in Ceremony

INTERMENT IN ARLINGTON

By the Associated Press

Cincinnati, June 10.—The funeral of Colonel Frederick W. Galbraith, Jr., commander of the American Legion, who was killed in an automobile accident in Indianapolis, will be held tomorrow afternoon in Mt. St. Mary's, the largest auditorium in the city. The ceremony will be held at 2 o'clock by Robert J. Bentley, American Legion, of which Colonel Galbraith was a member. After the funeral, the body will be taken to Arlington Cemetery, Washington, D. C. Hundreds of messages of sympathy are pouring in from all parts of the country, and commanders of many Legion posts have signified their intention to attend the funeral.

It is expected that the funeral will be the largest ever held in Cincinnati. The entire 14th United States Infantry, troops from Fort Thomas, Ky., various service men's organizations and all the civic clubs in which Colonel Galbraith was a member, will participate. He was president of the Rotary Club and Cincinnati Business Men's Club, and long a member and leader in the Chamber of Commerce. Mrs. Galbraith expressed the desire this morning to be allowed to remain alone with the body all day. Tomorrow morning it will be taken to Memorial Hall, where it will lie in state until the hour for the funeral.

The body of Colonel Galbraith arrived here last night from Indianapolis. It was accompanied by a soldier's escort, a large number of friends and several relatives. A full company of soldiers from Fort Thomas, Ky., sent to Cincinnati by Colonel Peter Traub, commandant, and Mayor John Galvin, of this city, and other city officials met the body at the railroad station. Numerous soldiers, many of whom served in Colonel Galbraith's command overseas, and fully 3000 civilians also were assembled at the station to pay respect to the dead. Most of the civilians marched with the soldiers to Memorial Hall, where they were permitted to pass the casket, which was not opened. After 3000 persons had filed past the casket, the body was removed to an undertaker's establishment, accompanied by a guard of honor composed of members of Colonel Galbraith's old command.

The Rev. John F. Herget, former chaplain of the Thirty-seventh Division, will officiate at the funeral.

Washington, June 10.—(By A. P.)—Tribute to Colonel Galbraith was paid in the Senate yesterday. Senators Willis, Frelinghuysen and Walsh praised Colonel Galbraith. Senator Willis said he was "a great soldier and citizen."

New York, June 10.—(By A. P.)—The American Legion yesterday made public the following telegram sent to Mrs. Frederick W. Galbraith by General Pershing: "I am shocked beyond words at the death of your distinguished husband. His loss will be irreparable at this time, both to the Legion and Nation. You have my deepest personal sympathies."

Detroit, June 10.—(By A. P.)—Captain Robert D. Woodside, commander-in-chief of the Veterans of Foreign Wars of the United States, today ordered all posts of his organization to drape their chapters for thirty days as a mark of mourning for Colonel Frederick W. Galbraith.

D'OLIER TEMPORARILY SUCCEEDS GALBRAITH

Special services are being arranged in this city by local authorities of the American Legion for the funeral of Colonel Frederick W. Galbraith, Jr.

A special meeting of the Executive Committee of the Philadelphia County Committee has been called for 4 o'clock this afternoon so that definite plans can be made. Franklin D'Olier, past commander of the Legion, left here for Indianapolis yesterday afternoon, where he will take charge of affairs until the National Executive Committee can meet and name a new commander.

SOVIET ENVOY AT ANGORA

Ambassador Promises Russians Will Aid Turk Nationalists

Constantinople, June 10.—(By A. P.)—M. Nathanson, who has been appointed Soviet Russian Ambassador to Angora, has arrived in that city. It is said in advices received here. During his trip through Asia Minor, he is said to have made a number of addresses in which he declared the Bolsheviks would assist the Turkish Nationalists in their fight against the Allies.

Greek forces, estimated at 50,000 have been massed along the Western Asia Minor front for an offensive against the Nationalists, who have about 60,000 effective, between Brusa and Smyrna. British supplies are being given the Greeks, but it is understood the British will not take an active part in the offensive.

King Constantine will leave Athens tomorrow for Smyrna and it is presumed that, nominally at least, he will be in command of the Greek attack.

LABOR TO DEMAND IRISH RECOGNITION

American Federation Leaders Will Request President Harding to Act

INSIST BRITAIN REPAY LOAN

By the Associated Press

Denver, June 10.—Immediate recognition of the Irish Republic, withdrawal of British troops from Ireland and the repayment by Great Britain of the \$9,000,000,000 lent by the

United States is demanded in the resolution tentatively drafted by Irish sympathizers to be submitted to the convention of the American Federation of Labor here next week. The Irish sympathizers will ask the federation to call upon President Harding to communicate immediately a message to Congress urging recognition of the Irish Republic and formally protest against the alleged "barbarous warfare" being carried on by British troops in Ireland. Repayment of the English loan is asked on the ground that British Government is using the money to maintain soldiers to suppress Ireland and "other small nations" and to carry out a great naval expansion program. "Approximately 95 per cent of the delegates to the convention are Irish sympathizers," said Peter J. Brady, of New York, who asserted that support to the resolution had been pledged by a large majority. Elimination of jurisdictional and interunion strikes is the main issue be-

fore the convention of the building trades department of the federation. Resolutions were presented indorsing the work of the National Board of Jurisdictional Awards, which has been successful in settling a large number of jurisdictional disputes in the building trades during the last year. Should the convention indorse this arbitration body, labor leaders said, the United Brotherhood of Carpenters and Joiners, which has defied a decision of the board, will be compelled to accept the award handed down against it in its controversy with the sheet metal workers. In this dispute the board decided that the sheet metal workers were

entitled to do the installation of metal frames and fixtures in buildings. William I. Hutcheson, president of the Carpenter and Joiners contends that his organization is entitled to do this work, and will disregard the decision. The position taken by the carpenters has been declared by John Dunlop, president of the Building Trades Department, a menace to the successful operation of the national board. He urged the convention to take action maintaining that the elimination of interunion controversies was necessary to stabilizing the building industry.

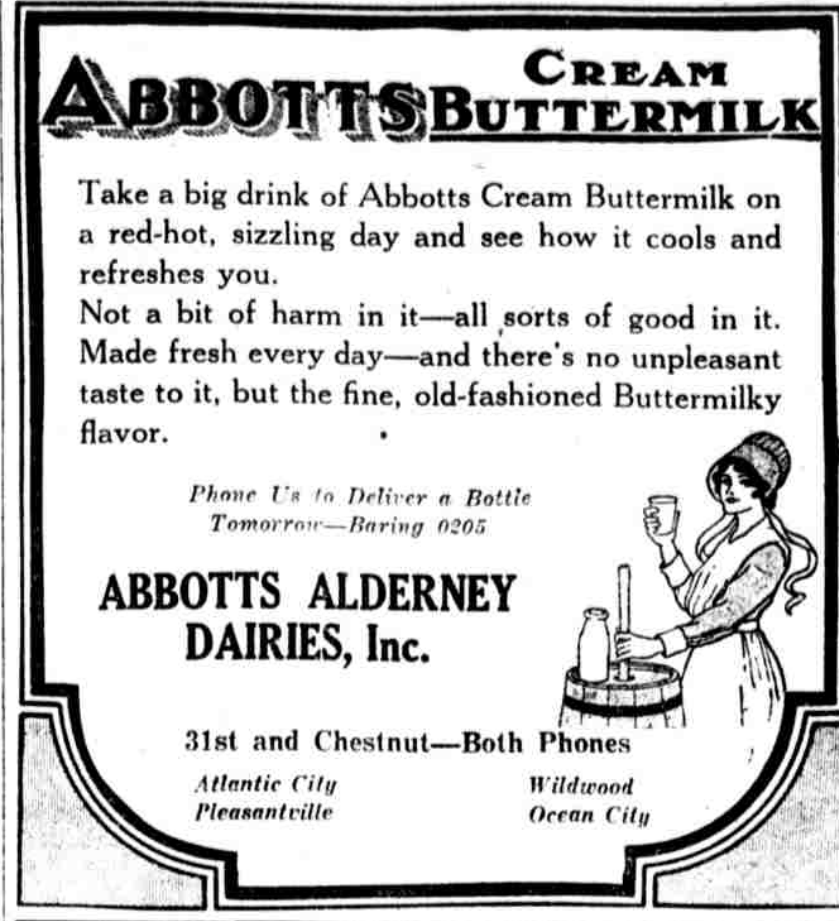

HAITI AS MISSION FIELD

Secretary Denby Sees Promising Opportunity for Church Work

Washington, June 10.—(By A. P.)—Establishment of Christian missions in Haiti is urged by Secretary Denby in a letter to the Federal Council of Churches of Christ in America, made public here today by the council. Surprise is expressed by Mr. Denby that the churches had not earlier entered the Haitian field. He says in his recent visit to the island he did not meet a single missionary or church worker

from the United States, and continues: "It is my opinion that the missions, any societies and churches of the United States could do no better than to send representatives to the field. They would not only be conferring benefits upon the people of Haiti, but their kindly offices should do much toward bringing about a friendly feeling between the people of that country and the United States."

The competition for the Foundation Scholarship in the William Penn Charter School for the year 1921-22 will take place at the school at 9 A. M. Saturday, June 11. It will be open to all boys, not members of the school, without restriction as to age or place of residence. The examinations will be based on the regulars for admission to our Senior School (first year High School), as follows: Ability to read English with expression; ability to spell words of common occurrence in general Geography; the History of the United States and in the elements of Latin as contained in any good text-book. Applications for entry may be made at 50 S. South St. at any time before the examinations.

CREAM ABBOTT'S BUTTERMILK

Take a big drink of Abbott's Cream Buttermilk on a red-hot, sizzling day and see how it cools and refreshes you. Not a bit of harm in it—all sorts of good in it. Made fresh every day—and there's no unpleasant taste to it, but the fine, old-fashioned Buttermilk flavor.

Out of oil again:—

Why ordinary oil is so rapidly consumed

HAVE you had this tough old motoring experience? Have you run out of oil miles from help, when you thought you started with supply enough for the hardest trip?

Whenever your engine consumes oil too fast, it is proof that you are using ordinary oil. Under the intense heat of the engine—200° to 1000° F.—inferior oil forms great quantities of black sediment. The thin oil remaining evaporates rapidly.

You can avoid this trouble. You can stop using up oil at such an expensive rate. Sediment is reduced 86% when you use Veedol, the lubricant that resists heat. (See the two bottles above). Veedol lasts for twice as many miles as ordinary oil.

Have your engine flushed out. Fill up with Veedol. Leading dealers have Veedol in stock. Ask for a supply today.

The Greatest Crusade Of the Ages

Is the way the Tacoma News-Tribune refers to the agitation in America for a "Naval Holiday," while the New York World declares that the United States Senate's acceptance of Senator Borah's plan for naval disarmament is "a long step forward in the campaign against competitive armament," and consequently "a step toward sanity." The U. S. Senate's unanimous indorsement of the Borah amendment proposing a conference by the United States, Japan and Great Britain after weeks of opposition convinces many observers that the tide of popular revolt against the ruinous race of the nations to surpass one another in armament has become so strong that it can no longer be stemmed. "It is nothing less than a crime," declares Senator Borah. "A crime against humanity that the three great nations, associated in the late war, should be taxing their people to death and driving on toward bankruptcy at a double rate of speed in order to build up fighting forces never before heard of in the world." Tokyo dispatches report a growing desire for disarmament among the Japanese people, and a Japanese correspondent of the New York Evening Post claims official authority for the statement that "Japan will gladly accept an invitation to a disarmament conference whenever President Harding issues a call"; while a London dispatch to the New York Herald says that "an official invitation from United States to Great Britain to participate in a conference on naval disarmament will be enthusiastically welcomed here."

Don't miss reading the leading article in THE LITERARY DIGEST this week, June 11th, for a comprehensive summary of public opinion in this country upon the proposed disarmament conference.
