EQUALITY IS PLEA OF MRS. WOODS

Thinks Women Should Have as Many Seats as Men on Committee

Equal representation for women with men on the Republican National Committee is the object that Mrs. Leonard G. Woods, of Pittsburgh, first woman on the committee, has set herself to fight for. Mrs. Woods discussed this question here yesterday with Governor Sproul and feels confident that it will be a matter for serious discussion at the National Convention in 1924.

Mrs. Woods motored from Washington resterday afternoon for a conference with Governor Sproul and Mrs. ence with Governor Sproul and Mrs.

Mother and Daughter Identify Person Alleged to Have Hired Assassins

SPEEDY TRIAL PROMISED

Travel-worn and weary from lack of sleep and from more than ten hours' questioning in New York, Mrs. Kaber was submitted to another severe grilling unon her arrival here late last night which continued until early today. They were arraigned before Judge Maurice Bernon this morning and remanded to jail without bail. The court set their

hearing for June 28. After Bertillon pictures and finger prints had been taken, the two prisoners were confronted by the woman, through whom Mrs. Kaber is alleged to have hired the assassins to stab her husband to death two years ago, and who is alleged to have furnished poison which was administered to Kaber in his food.

Third Woman Identified

Both Mrs. Kaber and Miss McArdle dentified the woman. This identification brought from the Sandusky woman police say, the admission that she had supplied "medicine" for Kaber and that it was at her home in Cleveland shortly before the murder that Mrs. Kaber met a man to whom she prom-ised \$2000 for "doing away with" her

husband's life.

A man held on suspicion that he was onnected with hiring the two men who did the stabbing was brought before Mrs. Kaber and her daughter, but both denied that they had ever seen him.
At the conclusion of the examination,
Mrs. Kaber and Miss McCardle were placed in the county jail. There Mrs. Kaber's wrist, which she had slashed in an attempt to end her life in a New York jail, was treated by the jail physician, who said there was a possibility of infection.

Speedy Trial Planned County Prosecutor Edward C. Stanon declared that he would ask for a rial of Mrs. Kaber on the indictment at this term of court, which has twenty

days to run.
"The trial of Mrs. Kaber," Stanton said, "will uncover all the ramifications of the conspiracy on Kaber's life. For that reason I hold it to be essential that she be tried at once."

On the journey from the East Mrs.
Kaber told the party that she would commit suicide before she would stand trial. "I never will be tried on this charge," she said. She will be kept
