

WARDING URGES ARMY TRAINING

Says Every Young Man Able to Do So Should Enter Summer Camps

100,000 A YEAR HIS GOAL

Washington, June 13.—President Harding, in a statement made public Sunday, urges every young man who can possibly arrange to do so to attend one of the citizens' military training camps to be conducted by the War Department this summer. The statement reads:

"I hope every young man who can arrange to attend one of the citizens' military training camps to be conducted this summer by the War Department in each of the nine army corps areas.

"In this way he will increase his worth to the Nation and obtain individual benefits of priceless value to himself and to the community in which he lives.

"I hope to see established in my Administration a comprehensive system of voluntary military training for at least 100,000 men each year. Every young man who is willing to prepare himself for the defense of his country should be given an opportunity to do so.

"Our present national defense law established an economical and democratic military policy thoroughly consistent with our national traditions. It provides for a small regular army to be augmented by great citizen forces in the event of national emergency. This is our traditional military policy. But whereas in the past large regular army forces have been maintained after the occurrence of any emergency, the new law wisely provides that the framework of their organization shall be established and developed in time of peace, in so far as this is practicable through the voluntary service of our patriotic young men. The Army of the United States, as defined in the new law, comprises the regular army, the National Guard and the organized reserves. Every patriotic citizen should encourage the development of these forces, each within its proper sphere."

HUGHES FOND OF NOVELS, COLLEGE DISPLAY SHOWS

Librarian at Brown Denies Secretary of State is Pedantic

Providence, June 13.—(By A. P.)—To disprove statements he has heard to the effect that Charles Evans Hughes, Secretary of State, did not read novels, and that he was "so absorbed in science that he missed all the poetry and romance of college life," Librarian Harry L. Koopman, of the John Hay Library, Brown University, has prepared a unique exhibit for those who attend commencement at Brown this week.

In three glass-enclosed cases in the library will be exhibited the very books that Secretary Hughes read while in college, together with facsimile articles contributed by him to college publications and other reminders of his student life.

The record shows that Mr. Hughes took 105 books from the university library for voluntary reading and a significant fact is that there is not a scientific treatise among them.

Among the novelists represented are Dickens, Scott, Thackeray, Balzac and Bulwer. The poetical works include most of the classics. An article which Mr. Hughes contributed to the Brunswickian of 1879 on "Mental Discipline," is also shown.

RIOT OVER HUMAN SACRIFICE

Tax Collectors in India Fire on Zealists Who Burn Woman

Simla, India, June 13.—(By A. P.)—A Government report on the recent riot in the village of Sirhi states it was caused by the offering of human sacrifice. During the disorder seven persons were killed and ten wounded.

The village, which is the home of many members of the ancient sect of Charvaks, became greatly excited over the refusal of the Charvaks to pay taxes. The tax collectors were sent to enforce collection, but the Charvaks followed traditional methods of bringing the vengeance of heaven upon the state by burning an old woman alive.

She had been placed upon a pyre which was lighted by her nearest relatives.

When the troops attempted to rescue the victim, the villagers opposed them with knives and swords, wounding several soldiers. The Sepoys then fired into the crowd, which scattered. The woman died.

BLAZE HOLDS UP BUCKEYE STATE

Strikers Not Blamed, Although Vessel and Western Comet Had Been Crippled

135 PASSENGERS ABOARD

Baltimore, June 13.—Crippled by a fire caused by a flareback in her forward engine room, the new passenger steamship Buckeye State, of the Matson Navigation Co., which sailed at dawn yesterday on her maiden trip to California ports, is lying four miles off Annapolis in Chesapeake Bay and will return, officials say, to Baltimore today for repairs.

The engine room was flooded. Naval Academy fire tugs and the fireboat Deluge from Baltimore rendered assistance.

Officers of the ship do not blame strikers for the origin of the fire and deny rumors circulated to that effect.

Extent of the damage to the vessel will not be known until late today. There are 135 passengers on the Buckeye State. Officials deny reports of a second fire in the afternoon on the ship.

The Buckeye State was to have sailed on May 7, but had been held up ever since by the marine strike.

The fire came as the climax to an exciting day in shipping circles. Two big ocean steamships, the Buckeye State and the Western Comet—were found to have been badly disabled, and the damage is likely to be repaired by shipping men to strikers.

The engine trouble on the Buckeye State prevented the steamship from sailing Saturday.

When an attempt was made to start yesterday it was found that the feed pipes of the Buckeye State were choked with waste and other substances. Further investigation disclosed that the

SHAPING TIN WAGE SCALE

Conference Reports "Progress," but Hasn't Reached Agreement Yet

Atlantic City, June 13.—Representatives of the sheet and tin division of the Amalgamated Association of Iron, Steel and Tin Workers and of the Western Sheet and Tin-Plate Manufacturers' Association, who have been in conference here several days regarding wages and working conditions for next year, reported "progress" last night, but said an agreement had not been reached. Another effort will be made today to settle the question.

Both sides reported that there was no serious impediment in the way of an agreement and expressed the belief that a new scale would be signed within a day or two.

The workers are contending for the same rates as prevailed last year, while the manufacturers seek a slight change in working conditions which would have a tendency to lower wages somewhat.

POPE TO NAME THREE NEW CARDINALS

Home, June 13.—(By A. P.)—Creation of three new cardinals was expected when the sacred college convened here today at a secret consistory.

It was understood that Monsignor Tacchi Porcelli, the papal major domo; Monsignor Etti, the nuncio to Poland; and Monsignor Laurenti, secretary of the congregation of the propaganda, would be named to receive the red hat.

SEVERAL KILLED IN OIL FIRE

Lightning Ignites Salt Lake City Plant—Twenty-five Injured

Salt Lake City, June 13.—Two known dead, the probability of at least six others dead in the debris, more than twenty-five injured, many others unaccounted for and a property loss of nearly \$1,000,000 was the toll of the fire which started Saturday night at 6 o'clock in the plant of the Utah Oil Refining Co., when a bolt of lightning struck a tank containing 1,500,000 gallons of gasoline distillate. The total loss of life will not be known until the rolls of city firemen and company employees are checked.

UNIONS, JOINTS AND OIL CUPS THROUGHOUT THE EXTENSIVE OIL-BURNING SYSTEM HAD BEEN TAMPERED WITH.

The electric system was also disabled, according to men employed on the vessel.

On May 8 the Japanese steamship Tokuyo Maru burned off Cape Mears, Oregon, with the loss of several lives. Explosion occurred on the vessel.

In April the M. A. Knapp, owned by Porter-Gilderleeve, Inc., towing contractor, was sunk under mysterious circumstances at the foot of Market street in the Delaware River.

HEPPE PIANOS

Founded in 1865

These are the only pianos in the world with three sounding boards. The tone is far superior to that of ordinary upright pianos. It resembles more nearly that of grand pianos. Rental payment settlement at reasonable rates may be arranged. Call, phone or write for particulars.

C. J. Heppé & Son
Downtown 1117-1119 Chestnut St.
Uptown 6th and Thompson Sts.

Anything that you wish cleaned or dyed, whether it be men's or women's clothing or household furnishings, if sent to Barg's, 1113 Chestnut street, will be done most efficiently and in every way satisfactorily.

OF COURSE, you will want to have your summer clothes cleaned and freshened up before going away on your vacation; and I know of no place that I can recommend more highly than Barg's, 1113 Chestnut street. They have been found to be remarkably successful in all sorts of cleaning and dyeing. If, however, there is something which you neglect having cleaned until too late, or if you expect to be away for any length of time, you may send any articles you wish cleaned to Barg's by Parcel Post and they will receive prompt attention. It is not worth while to spoil one's appearance by letting that spot remain on your white flannels or organdie dress, as the case may be, when it is so simple to have Barg's remove it.

WHETHER you go away or remain at home, there are countless convenient and useful contrivances for sale at the store of J. Franklin Miller, 1612 Chestnut street, which will help to make this summer the most enjoyable you have spent. I can think of nothing in the way of housefurnishings from refrigerators, washing machines and fireless cookstoves to ice-cream freezers or the smallest kitchen utensil which you cannot find there. Perhaps you are contemplating an automobile trip; then you will be perfectly delighted with their Motor Luncheon Sets. These sets, which come in two size cases, at \$65 and \$48, are cleverly gotten up to include all the utensils which you could need for a lunch on the road: knives, forks, spoons, plates, cups, thermos bottles, salt and pepper shakers, tin boxes, etc.

SEVERAL girls at a card party the other day were comparing their Engagement Rings. As I watched them, I thought to myself that there is no gift which is submitted to such careful inspection as the Engagement Ring. A girl, therefore, takes especial pleasure, and rightly so, in possessing a ring which is set with the most beautiful diamond obtainable. The Polished Girdle Diamond has been pronounced by experts to be supreme. You have only to place it beside a diamond of the same value which has been cut in the usual manner to note its superior brilliancy. This marvelously beautiful stone is exclusive with the house of Bailey, Banks & Biddle Co., whose artists are continually designing new and appropriate settings for this most precious of all gifts.

THE CHESTNUT STREET ASSOCIATION

Bee Brand INSECT POWDER KILLS MOSQUITOES

MOSQUITOES, besides being very annoying, carry disease. Keep your home free of mosquitoes with Bee Brand Insect Powder. Fan a small quantity in the air after closing all doors and windows. The mosquitoes will soon be dead. Bee Brand Insect Powder also kills flies, fleas, ants, bedbugs, roaches, waterbugs, lice, moths, cotes, and many other household and garden insects. Harmless to everything but insects. It does not spot or stain. Packed in the red sifting top canister, ready for instant use. 100% pure—no adulteration. Buy today—keep a package handy for use when needed.

HEINZ

OVEN BAKED BEANS

with Tomato Sauce

Johnny is next thing to a hurricane when he comes bursting into the house for a meal of Heinz Baked Beans. Oh, Boy! he likes them! And it's because his mother gives him nourishing food that Johnny is so husky and healthy.

Heinz Baked Beans are as healthful and nutritious as they are good to eat. The Heinz method of oven baking by dry heat preserves their natural goodness—and Heinz famous Tomato Sauce lends a tang and flavor that give them supreme perfection.

Make Heinz Baked Beans the staple dish in your home cooking. Always keep a good supply on hand.
