of efficiency it is due to causes stated above--ward politics and poor manage-

will anyhody else familiar with organization management by practical poli-ticians. The office of the Recorder of Deeds is a \$10,000 job controlled by the old Vare organization. Congressman William S. Vare was himself once Recorder of Deeds, and hose familiar with his management of

the office say that from a standpoint it was very well conducted. In the defensive statements made in extenuation of the delay of nine months in getting documents recorded, the following facts stand forth glaringly con-It is a peculiar coincidence that just about this time of year, a few months preceding the fall primaries, there is always a demand for money for extra

is the case this year. The obvious reason is that jobs must created for political workers. Whether or not these workers are capable and efficient and hired for the express purpose of rushing the work, or whether they are more jobsters and political hacksters can be safely left to an the judgment of renders familiar with

organization methods. At present there are no fewer than 175 typists, or alleged typists, whose business it is to record the documents filed in the Recorder's office. These were the figures submitted in

this year's budget.

These figures do not represent the total number of typists employed. Yet the office is constantly clamor ing for more. Its cries are always duly heeded by the organization Councilmen In this year's budget \$20,000 was allowed for extra clerk hire. Yester-day Council passed another bill giving the Recorder's office an additional \$25. 000, total of \$45,000 within six months or additional clerks.

The defense is that many of these are The defense is that many of these are employed in recopying the old records. True! But the budget of this year has provided for this. There are twenty nine recopying typists, which still leaves 145 to clean up the regular work.

Any business concern in Philadelphia that laid claim to the slightest degree of efficiency and decent office management, employing 145 expert typists at \$1500 a year could clean up this wretched tangle in a few number.

his wretched tangle in a few months, and keep it cleaned up.
But the Recorder's office does not employ expert typists. The jobs are held by men. Many of them are what
