MOVIE DOG SCHOOL TRAINING "ACTORS" AT MAGNOLIA, N. J.

How'D you like to lead a dog's life? But this is not about humans nor or-

dinary dogs, but about dogs who are destined to be stars on the movie screen. Dogs are very important in the portraval of life in the photoplay. Because they always get the sympathy of an audience, the director has made an important pince for them in screen work

ANNOUNCEMENT OF MOVIE BEAUTY CONTEST WINNERS WILL BE COMMENCED ON THIS PAGE TOMORROW

THE judges in the Movie Beauty Contest have made some of their selections Their task is to choose from the several thousand photographs sent in fifteen girls who, as photographed, seem to be the most promising material for screen Obviously, this is no simple matter. It is not merely a question of beauty

of the pictures before them, but of their expert knowledge of what the subject must herself be as indicated in the print, and, further, of how they think she will appear when translated to the moving-picture screen. Fifteen girls will be chosen this week and their names will be announced and their photographs published each day, beginning tomorrow, until and including Saturday. As they are chosen they will be notified of their good luck and

will receive instructions about the day to be spent at Betzwood, where the test strips of movie film will be made. From these fifteen three will be selected, the final choice being based upon

personality, intelligence, adaptability and success in transferring these qualities

All photographs received in this contest will be held in this office until after the announcement of the final three winners, which we hope to be able to make on Wednesday, June 29, or Thursday, June 30. Unsuccessful contestants may receive their pictures after that by calling at this office or by sending sufficient stamps to cover postage.
