

SENATE OF ULSTER ELECTS DUFFERIN

Marquis Chosen Speaker as Unionists Organize Upper House of Parliament

STEPS TO GUARD ROYALTY

By the Associated Press
Belfast, June 20.—The Senate of the Ulster, or Northern, Parliament, comprising twenty-two Unionists who were elected without opposition on June 11, held its initial meeting today. Its first action was to elect the Marquis of Dufferin and Avon, son of a former Canadian viceroy, as Speaker.

The Senators include the Duke of Abercorn, Viscount Bangor, Viscount Massereene and Ferris, Lord Pirrie and Sir James Johnston. Three of the Senators are Unionist Laborites. When the elections were held the Nationalists and Sinn Feiners ignored them. Although the Unionists had left seats open for those organizations. Accordingly, the Unionists nominated men for all the seats.

Every precaution is being taken to safeguard the persons of King George and Queen Mary during their presence in Belfast on Wednesday for the formal opening of the Parliament.

General Bainbridge, commander of the troops in Ulster, has issued a notice under his signature, which says:

"No person shall at any time on Wednesday be upon or use in any way whatsoever the roof of any building within the Belfast area unless provided with a permit."

He has also ordered all owners and persons occupying houses to block all means of access to their roofs from S. P. M. Tuesday to S. A. M. Thursday. Saloons have been notified to remain closed on Wednesday until after the departure of the royal party.

Parliament will be assembled in readiness to receive their majesties. The King having taken his seat on the throne resembling that in the House of Lords in Westminster, the members of the House will be summoned formally to the Senate chamber. The King will himself read his speech opening the Parliament, and the brief ceremony will end.

Their majesties will then be entertained at luncheon by Sir James Craig, the Ulster Premier; Viscount Fitzalan, the Lord Lieutenant, after which they will proceed to Ulster Hall where addresses of loyalty will be presented by various local bodies, and the King will hold an investiture, conferring honors on several prominent persons. This will close the day's proceedings and the King and Queen will immediately return to the royal yacht for the trip to Holyhead.

The decision of the Queen to accompany the King to Belfast has given enormous pleasure and great impetus to the city's interest in the event.

RUSSIANS CHEER FOOD SHIP

Dutch Steamer Loaded With Herring Received With Honors
Riga, June 20.—(By A. P.)—Honors such as are usually accorded to royalty or to officials of high rank were given the Dutch steamer Alexander Poldon when she arrived at Petrograd recently. The steamer brought the first large cargo of food that has entered the harbor for about three years, and as she passed Kronstadt she was saluted by the battleship Marat, while Russian sailors lined the decks and cheered. The Dutch captain dipped his colors while the ship's band played and the vessel steamed direct to the pier and began to unload her cargo of herring.

TO DISCUSS WORLD TRADE

American Delegates in London for International Conference
Plymouth, Eng., June 20.—(By A. P.)—American delegates to the conference of the International Chamber of Commerce to be held in London this week beginning June 27, arrived here today and at once proceeded to London. Charles F. Coffin, of Indianapolis, one of the American party, said the chief business of the conference would be consideration of means for the restoration of world trade. He suggested as remedies the leveling of exchange, the extension of long-time credits and a treaty between the United States and Germany.

Held as Brother-in-Law's Slayer

Quincy, Mass., June 20.—(By A. P.)—Julius B. Arthur was arrested last night, charged with the murder of his brother-in-law, John Roder. Roder was shot at his home in the presence of his wife. The police say they found a revolver in the pathway leading to the Roder residence.

GREEK OFFENSIVE OPPOSED BY ALLIES

England, France and Italy Ask Constantine to Halt Drive on Asia Minor

By the Associated Press

Paris, June 20.—Offensive operations against the Turkish Nationalists in Asia Minor are opposed by Great Britain, France and Italy, which have dispatched a note to the Greek Government, asking that King Constantine postpone his campaign against the Turks and accept mediation which may settle the Near-East situation. The note was sent to Smyrna, where King Constantine and Premier Gounaris are at present, and it is believed the Greek Government will make an immediate reply. Should this reply be favorable, overtures to the Turkish Nationalists will quickly follow.

It is understood the British stand for the withdrawal of Greek forces from Smyrna, and the restoration of Turkish sovereignty over that district. Racial and religious matters would receive protection from an international police force, under the London plan. An agreement regarding Thrace has not been reached, and discussion has been postponed, pending the Greek reply to the Allied offer of mediation.

Allied high commissioners in Silesia have been asked for a unanimous report relative to the frontier to be established between Poland and Germany in the plebiscite area there. Should the commissioners be unable to agree, experts will be sent to adjust the situation, and both the Poles and Germans will be forced to accept the allied decision.

Lord Curzon, British Secretary of State for Foreign Affairs, who came to Paris on Friday for the purpose of conferring with Premier Briand relative to the Near East and Silesian situations, has returned to London.

For Tuesday

Store Hours 9 to 5
All motor owners, whether they drive or not, should lean on Gimbels for supplies.

"Dinner's ready"

HEINZ OVEN BAKED BEANS with Tomato Sauce

Small wonder the tired business man comes to life in such a hurry! The first whiff is so fragrant and appetizing. The taste is better than you ever supposed beans could taste.

The distinctive, unmistakable flavor of Heinz Baked Beans comes from perfect seasoning with the famous Tomato Sauce made and used exclusively in the spotless Heinz kitchens.

And the good-tasting, real-bean flavor and real-bean nutriment is due to the baking in real ovens by dry heat. Every bean is baked through to the center—mealy, sweet, wholesome and whole, and easy to digest.

Heinz Oven Baked Beans are good hot or cold.

No "Wasters" in Nu-Dura-Tin.
NO METHOD of rolling steel for tin plates will produce all perfect sheets. The imperfect sheets, called "wasters," must be taken out by watchful inspectors. Such sheets may be used in manufacturing, but should never be used for roofing.
And only the perfect sheets are stamped "NU-DURA-TIN." No "waster," however slight its defect may be, ever goes out bearing that name.
The best roofers prefer NU-DURA-TIN, for it protects the roofer as well as the owner. Such roofers like to have it specified, for its standard quality insures fairness to all competitors, with a good job and a satisfied customer for more tin roofs.
Any roofer can furnish NU-DURA-TIN, and paint it any color.

TANSAN

The Very Wonderful Mineral Water of Japan As Soon as He Realizes It Can Be Regularly Obtained at Gimbels

Read This Letter of the Late
Dr. J. William White
of the University of Pennsylvania

Some years ago, in conjunction with my friends, Dr. S. Weir Mitchell, Dr. Hobart Hare, Dr. John B. Deaver, Dr. Roswell Park, Dr. James C. Wilson, Dr. Lewis Brinton, and others, I signed a Memorial addressed to the Finance Committee of the U. S. Senate, and Members of the Sixty-first Congress, asking that Tansan Water should be admitted to the United States free of duty, by reason of its exceptional purity; its freedom from all organic contamination, and its possession of medicinal qualities likely to make it of great value to the profession. I have now just completed a visit to Japan, during which I have had further and enlarged opportunity to acquaint myself with the merits and qualities of this water, and I have become convinced not only that it is an ideal table water, but that it can be employed with benefit in many gastrointestinal and urinary derangements.

I have no objection to your making any proper use of this opinion.

(Signed) J. WILLIAM WHITE, M.D.

This water, so highly esteemed by physicians, has not been recently obtainable in Philadelphia until Gimbel Brothers arranged for its direct importation from Japan.

For intestinal and urinary derangements, as indicated to your physician.

As a Table Water, unexcelled.
Case of 24 large bottles for \$12.75.

—Gimbels, Pure Food Service, Chestnut Street Annex.
