So Much Seasonable Goods at Such Reasonable Prices!

You Will Find It a Good Rule Not to Listen

to anything a tattler brings you against your neighbors. Tale bearers have no rights and should have no standing.

Some wise persons say, "We never repeat what we hear." But why listen to it?

If sc. dals or jealousies had no ears to hear them, there would be fewer tongues doing the scandalizing, wasting their own time and yours and mine also.

The Subject Being Men's Tropical Suits

The lighter the fabric the more likely is it to crease,

fabric the greater the need for good tailoring. All of this is so obvious that it should be unneces-

sary to print it; but just notice the kind of tropical suits some men wear and the reason for printing it will be equally obvious.

The good tailoring in every Wanamaker suit has a twofold advantage in tropical suits.

Good tailoring is one vital feature in which Wanamaker tropical suits excel. The other is in the fabrics. There are no better tropical fabrics made than the kind used in Wanamaker men's tropical suits. This applies equally to mohair. Palm Beach and tropical worsted.

It all comes to this-the goods are right, the tailoring is right, the fashion is right and the suits cannot help being right.

At the prices marked on them they need no bargain appeal-they are just real, genuine value, and the man who can always be sure of getting that is not unlucky by a long shot.
