

### SLAYS TEN, BURNS HOUSE, KILLS SELF

Two Families and Brother Believed Murdered by Kentucky Maniac

### REMAINS FOUND IN RUINS

By the Associated Press  
 Mayfield, Ky., June 27.—County authorities today were working on the theory that Ernest Lawrence murdered ten persons in his farmhouse near here Saturday night, drenched the house with oil, set it on fire and then killed himself.  
 Investigation has revealed, it was announced today, that Lawrence a number of years ago was eluded by a policeman in Mayfield when he resisted arrest on the charge of intoxication. Acquaintances today told Sheriff Marion McCain that Lawrence shortly after that event had suffered from what they described as "epells" which led the officer today to reiterate his belief that Lawrence's illness suddenly had developed into a fit of insanity during the course of which he wiped out his own family, the family of Otis Drew, his brother-in-law, and Drew's brother, Delmer Drew.  
 The charred bodies of the dead, two women, three men, five infant boys and one infant girl, were so badly burned that physicians were only able to guess how they were slain. One of the women, however, bore what were believed to be wounds, indicating that she probably had been killed with an ax which was found near her body. A revolver with six exploded shells, a rifle containing an empty shell and a shotgun also were found in the ruins of the home, indicating, according to the authorities, that some of the victims at least had been shot to death.

### VETERAN LIFE GUARD URGES "COPETTES"—TO DO MENDING

Abe McCullough, Finding Difficulty in Repairing His Uniform, Hopes Atlantic City's Mayor Will Appoint Young Ones

Mayor Bader, of Atlantic City, isn't exactly sure he'll put "copettes" on the beach. If he does, he says he will not select young girls but mature women.

Abe McCullough, the oldest life-guard in point of service on the eight-mile stretch of sea and sand, hopes that he will put on some kind and soon.

Not only does Abe hope, yesterday he sat high up on the life stand at the foot of North Carolina avenue and openly sighed for their coming. To be brief and frank about the matter, Abe was doing his weekly mending and when the girls are put on duty he hopes they will do it for him.

"Now I figure," said Abe, squinting a sun-browned face up to the blue sky as he poked a piece of string through a daring needle. "If the girls are the right sort they'll want to do it for me. Then in return, when they find a fresh young subject on the beach who doesn't want to obey they can march him right up here and I'll attend to him. Say, I oughta darn this, I suppose, but don't think I will. Guess I'll pull it together."

The garment being operated on was a pair of blue trousers. Beside Abe was what he called his knitting box, where he could find pipe, matches or thread. For his audience he had Sol O'Donnell and Charles Murray, other guardians of the surf, who marveled at his cunning. "This fancy work isn't so easy-worth," he remarked, biting off his thread. "But you ought to see some I do. Look at this." He lifted up a sweater and displayed a bright red darn in less than red jersey. "Pretty neat that, eh?"

Abe, it might be remarked, is veteran life-guard only in years of service. He has pulled in a thousand reckless folks out of the sea, but his hair is still blonde and curly and he does venture to hope the Mayor will decide to put young girls on.

### CITY INCREASES INTEREST

Will Give 5 1/2 Per Cent on Issue of \$5,000,000 Bonds

Necessity of funds for further construction on the Frankford elevated line, port improvements and street paving requires the city to offer an additional issue of the transit-port loan. City Controller Hadley announced today that the city will offer 5 1/2 per cent interest on a \$5,000,000 loan issue, to be sold July 18.

This interest will be the highest paid by the city in recent years.

It was necessary to increase the rate because at a recent public sale of \$7,000,000 worth of bonds returning 5 per cent, only a small proportion was sold.

 Four and Six Passenger Models \$3350

## A GREATER VALUE AT A NEW PRICE

With a price reduction of \$650 you can now purchase the new Stutz, positively the best car this organization of motor car specialists has ever produced at any price.

"I have always wanted a Stutz" is the tribute paid by hundreds of motoring enthusiasts. And with the reduction of the Roadster and Bearcat models from \$3900 to \$3250, the Four and Six Passenger models from \$4000 to \$3350, these fine automobiles are within your reasonable reach.

The new Stutz is a combination of the proven experiences of building motor cars for years, plus extraordinary comfort and ease of operation. Even present Stutz owners will form a new realization of the Stutz after a few minutes in this new Stutz car.

It is on the road that the sturdy Stutz shows its supremacy. Because it is built right—many times more durable and serviceable than most cars—Stutz drivers experience a just

tified feeling of safety, when necessity demands unusual speed and power. The low center of gravity insures dogged tenacity in clinging to rough roads and on curves.

Flexible springs, deeper seats and the most luxurious upholstery give the Stutz a new standard of riding comfort—even to former Stutz owners.

The multiple-disc clutch, easy and flexible of control, the more conveniently located and easily operated driving controls make the Stutz unusually easy of operation—even in dense traffic.

Exacting tests of the hand work of expert workmen in one of the world's most completely equipped factories give added assurance of satisfaction and service in the new Stutz.

Every Stutz dealer has a new standard of comparison of all high class cars for you—based on the wonderful new Stutz car at \$3250 and \$3350.
