MOTORIST INJURES WOMAN

Drives Car on Sidewalk and Pins Pedestrian Against Window

Mrs. William Golden, of 56 Maplewood avenue, Germantown, was badly cut about the head and body yesterday when she was pinned against a store window at Germantown and Highland avenues by an automobile driven by Harry Kaplan, of Sixth street near Lombard.

In avoiding a collision with another vehicle, Kaplan ran his automobile upon the sidewalk, striking Mrs. Golden and crashing into the window, which was shattered. Mrs. Golden and Kaplan, who were slightly cut, were taken to the Chestnut Hill Hospital. Kaplan was later arrested by the police of the Germantown and Haines street station.

R. R.'S UNYIELDING TO NATIONAL PACTS

Will Continue to Fight Against Their Continuance, Whittier Asserts

TRADES COUNCIL SPEAKER

The railroads will continue to resist any attempt to continue the national agreements, E. T. Whittier declared this afternoon in an address before the Trades Council of the Manufacturers' Club.

Mr. Whittier is chairman of the Conference Committee of managers of the railroads, and was their chief spokesman in the case against the national agreements before the United States Railroad Labor Board. He is assistant to the vice president in charge of personnel of the Pennsylvania Railroad.

The speaker declared the national agreements had been framed with the aid of "four men who had been closely affiliated with union labor organizations," none of whom "had any railroad managerial experience in any capacity higher than roundhouse foreman."

Mr. Whittier said he feared negotiation of new schedules between the railroads and the men would prove difficult because of the government's interference. He believed to be "constraining the sixteen principles (enunciated by the Labor Board last April) as a recognition of the national agreements."

The speaker declared, "I deplored what he said was the spirit among men engaged in governmental control." "When Mr. McAdoo took charge he virtually told railroad employees of this country that henceforth their allegiance was to the Government and not to the corporations for whom they worked."

MARRIED WOMEN, NOT 'DEBS,' FILL UP THE BEAUTY PARLORS

Desire to Please the Critical Male Back of Every Visit, Expert Says—Bald-Headed Men Steady Patrons

There are more married women than single ones in Philadelphia who patronize beauty parlors. There are enough men patrons to establish a bald-headed row any day of the week and two rows on Saturdays.

Tired-eye treatment, rest-facial for faded debutantes, and instantaneous skin bleaching by electricity are the latest in beauty cures.

Women in Philadelphia are preparing to go over to New York to get the "sewed smile," made famous by Mrs. Mabel Gilman Corey.

The above are terse conclusions gathered from a round of reputable beauty parlors of Philadelphia. More seriousness begets beneath their apparent levity than the average citizen dreams of.

For however much of the story of the city is bound up in its office buildings, its banks and its stores, still more of it—a very human sort—is entwined in its beauty shops.

Meera of Married Women, "More married women than single girls come through your beauty parlor," said a young girl visit as regularly.

A rest facial for faded debutantes was described as the treatment for these young visitors.

MOVIE BOARD HEAD RAPS OBERHOLTZER

Harry Knapp Considers Libel Suit Against Former Film Censor

DENIES OTHERS' CHARGES

A general denial was made today by Harry L. Knapp, chairman of the State Board of Moving-Picture Censors, of the criticism concerning him expressed by Dr. Ellis P. Oberholtzer.

Dr. Oberholtzer recently failed of re-appointment of the board. He made a statement in which he charged Mr. Knapp with general indifference to the moving-picture industry.

Mr. Knapp said that he proposed bringing suit for libel against Dr. Oberholtzer if he finds there is legal ground.

Dr. Oberholtzer asserts that he admitted to him I cared nothing for the job, he lied," said Mr. Knapp.

Dr. Oberholtzer was narrow-minded, unreasonably and detestable. He tore down, but he never built up. He would not attempt to revamp a scene after eliminating it, but simply destroyed it. His work was destructive, not constructive.

RAIL PAY SCALE BINDS ALL

Employes in Any Group Must Accept Wage Fixed by Board

Chicago, June 29.—(By A. P.)—No separate agreement on wages or working conditions can be made by any group of railroad employes in a particular office or shop, apart from the agreement made with that class of employes, according to a ruling of the Railroad Labor Board today.

The board stated its opinion, however, that the personal offer of officials in general offices could be placed on an excepted list not included in the general agreement. Under a code of rules to govern all negotiations, presently promulgated by the board, one principle stated that no majority of any craft or class of employes should have the right to negotiate for all employes of that craft. Today's ruling decided that this principle applied to the entire craft or class over an entire railroad system.
