

KNOX AND DANCE ATTACK RADICALS

Senator Urges Country Be on Guard After Young Women Give Allegory

GIVES JULY 4 ORATION

While all Philadelphia celebrated American independence yesterday Senator Knox, in the outstanding event of the great holiday, warned America to guard against foes within its gates.

This country must not be deceived or lulled into a false sense of security, the Senator said, speaking from a flag-draped rostrum at Independence Hall. It must be watchful of radicals, foes of the mind and heart, and must courage them, he declared.

The theme of the Senator's address, which held the close interest of thousands jammed in the square, was, by a coincidence, the center thought also of an allegorical dance poem, given in the square before the Senator spoke.

The dance poem, "Wake Up, America," was presented by girls from the Athletic Recreation Center under the supervision of Miss Edith H. Kroemer, a joyous, carefree dance by Miss Eleanor Allison, an American, symbolized this country's "let down" after the war.

Girls Dance as "Reds"

As the fantasy progressed other dancers, in brilliant red costumes, surrounded "America." The spirits of war, sedition and revolt were about to shake "America" when Pennsylvania and others of the thirteen original States overpowered the troublemakers.

Senator Knox complimented Miss Kroemer on the impressiveness of the dance poem before striking out into his own warning for this country to be on guard.

After referring to the significance of the day's celebration, the Senator said: "We would not live vassals of any law, we would not live a conglomerate of loosely knit independent States; we would not live half slave, half free, and slavery had to go. Can we live a polyglot people?"

"We ourselves at the time of our independence were largely of one race, one language, one literature, one set of ideals and aspirations. We are now of many races, many languages, many ideals and aspirations. We were originally traditional and seasoned in self-government."

Mighty Ferments Work

"Today there are coming to us, by the millions, peoples from races untraded and unseasoned in self-government, peoples unfamiliar with and largely unappreciative of its good, and untutored to tolerate and meet its evil."

"Mighty ferments are at work amongst us governmentally and socially, just as the commingling of members of different races from different climes

with different customs of life, expose each of the individuals to new and strange bodily ailments and diseases, so the intimate actions and reactions of diverse race members bring novel theories of government and social and economic life. Were their new theories tried, had they been effectively used by any race, had any people or nation risen to wealth, power and happiness under them, we might hope that adjustment thereof to our environment would make them tolerable. But such were not the facts.

"These strange doctrines came primarily from races unskilled in self-government, untaught in the fundamentals of free government, uneducated in the basic discord between liberty and license. Their doctrines were born of the hills of the lands from which they came. They are radical remedies, sometimes self-annihilating to those using them, for ailments unfamiliar to our system of government and life."

"We stand here in this sanctuary, before this altar, can neither utter nor think this blasphemy. To us, and for us, God has set up this one Government founded on the equality of man. Our feet must not depart from the paths He has marked for us. Ours is the duty to keep the faith untaunted. We shall not wander after false gods."

Must Fight for Our Liberties

"Our fathers fought physical foes and subdued them; we must do battle with foes of the mind and heart, we must combat the diseased mind, and conquer. And he not, fellow citizens, I beseech you, deceived or lulled into that false security which brings destruction. The enemy is alert, active, cruel, relentless. He plans, he works always. Your welfare, your happiness, your liberties are at stake."

"Being alert against insidious foes, believe we can and are assimilating those who have sought refuge here from the oppression of other lands. To them, America has for many years been a land of promise, flowing with milk and honey. America has filled their thoughts by day and their dreams by night. It has been to them a land of freedom, equality and justice. It has been to them all their own country was not."

"These honest men and women have become a part of our citizenry and are doing their part in the great experiment of welding together in one great and homogeneous nation the lovers of human liberty from all lands. With vigilance and devotion let us, all united, serve our country."

"Celebrations were also held in the following sections: Kingsessing Recreation Center, Fifth and Chester streets and Chester avenue; Clark Park, Forty-third street and Chester avenue; Sherwood Recreation Center, Fifty-sixth and Christian streets; Cobbs Creek Parkway Association, Fifty-ninth and Cobbs Creek Parkway; Elmwood Community Association, Seventy-first street and Elmwood avenue; Overbrook Improvement Association, Sixty-first street and Lombard street; Starr Garden Park Recreation Center, Sixth and Lombard streets; League Island Improvement Association, Thirtieth street and Oregon avenue; Lawrence Street Association, Fifth and Green streets; Olney Reconstructed Fourth of July Association, Went's Field, Olney; Tioga-Nicotown Safe and Sane Fourth, Fernhill Park; Feltonville Citizens' Association, Linden and A streets; Old York Road Improvement Association, Sixty-sixth and Lawton avenues.

COMMUNISTS IN CLASH

Fire on Italian Extreme Nationalists Near Genoa

Paris, July 5.—(By A. P.)—Communists of Sestri Ponente, four and one-half miles northwest of Genoa, Italy, fired on a group of Extreme Nationalists and a clash ensued in which order, were forced to fire on the combatants, wounding three persons, says a dispatch from Rome today.

Only Six Fires on Fourth

Philadelphia's "safe and sane" Fourth cut the number of fires throughout the day to six, of which three were but local alarms. There were seven fires Sunday. In former years the number was usually between forty and sixty fires for the day. The great majority of these fires were caused by fireworks and matches in the hands of inexperienced persons, according to fire officials. The property damage in the fires yesterday is reported to be slight.
