in Europe. I understand, however, that Mrs. Dolan will return next month that Mrs. Dolan will return next month their children, of Elkins Park, are cruising on their yacht along the Maine Coast. Rose and Alix Dolan have been abroad for nearly a year with their grandmother. Mrs. Neilson Brown, who makes Paris her home. You gemember Mrs. Brown was over here member Mrs. Brown was over here aummer before last and visited her daughter, Mrs. Dolan, and her daughter, Mrs. Dolan, and her daughter, Mrs. Aleck Brown, for several months. She stayed until March of 1020 and then returned to Europe, taking Alix with her.

Rose had been over, off and on, during the war and was decorated by the last of New York.

Rose had been over, off and on, during the war and was decorated by the French for her ambulance work. She is working hard over there now with the reconstruction units, but has her headquarters with her grandmother. I have not heard positively if she will return to this country with her mother or remain over, but I would not be surprised if she stayed, as she is crazy about the main over, but I would not be surprised if she stayed, as she is crazy about the reconstruction work and is indefatigable in driving cars for the workers. She is quite a mechanician and can usually get any car out of trouble. Newport will miss her very much if she does not return. She is one of the most popular girls up there.

WHAT an interesting trip Mr. and Mrs. Sackett Duell are taking for the summer! They have such a charming place, Hillcroft, at Meadowbrook, but even at that, it's nice to have a change in all this heat, and to go abroad mowadays is quite the thing. They sailed on Saturday on the Cedric, and will be away for three months. During that time they will visit France and Belgium, and then motor through England. It all sounds very exciting to me, and I am sure they are going to me, and I am sure they are going to have a wonderful time.

WELL, in spite of the heat, I went
"all the way" out to Bala on Saturday afternoon to Sophie Baker's wedding, because I am very fond of Sophie
and her sisters. For, believe me, unless
I really liked a bride awfully much I
would not go to her wedding in July, that is a July such as this one has been
