Take This Sunburn

Relief With You

Some skins parch and blister under the sun's rays. Others get hot and fiery, often swelling and aching. Still others itch and make you scratch in frenzy, seeking relief but never finding it.

All sunburn discomfort is traceable to the irritation of the nerves beneath the skin. If these nerves can be reached, soothed and quieted, relief is possible

quieted, relief is possible

Because Noxzema is a gresseless vanishing cream that does not lie on the surface, it gets down through the pores and into contact with the jumpy, irritated nerves, carrying down with it antiseptles that have always been noted for their curative and soothing powers.

For instance, Noxzema contains soothing Oil of Cloves (you know how Oil of Cloves stops a too/hache) cooling Menthol and healing Camphor. Rub Noxzema into your skin and relief is immediate, for the moment Noxzema reaches the nerves, itoby, flery skin is soothed and cooled.

Take a couple jars of Noxsema to the shore or country with you, 85 and 50 cent sizes at your druggist's, or sand 10 cents to cover postage and packing for large, compilmentary jar, enclosing your home or vacation address to Noxsema Chemical Company, Baltimore, Md.

BASE BALL

Meny peeple think base ball is the gratest game there is, and enybody that dont think so is ignorent and not werth argewing with. Lots of men look at the spoarting page of the paper befor

"The person whose service I admire most,' says the tennis fan, "is wifey's when she serves Ancre Cheese." And its improved, moistureproof, sanitary wrapper insures its freshness.

## they even look at the frunt page, provthey even look at the frunt page, proving base ball is even better than merder. One of the gratest things about playing base ball is the noise. Everybody can argew all their mite at the same time without stopping the game, and genrelly do. Even the ones that aint pitching or batting or catching can keep on argewing, thus giving everybody something to do and keeping them all interested. teem, but you can play with less if you helf to, being another grate thing about base ball because you awaren half to. Its no idvantage how good of a player you are if you are kepp in after skool or haff to go a errand. If some fellows mothers could see the cheerfil and harty way they run eround the would proberly mention it the next time they saw them start on a errand slow and come back the same way.

Its not necessery to have a uniform to be able to play good, but a fellow with a uniform on looks as if he awt to be able to play mutch better than a fel-low with clothes on. If a fellow with a uniform on makes a fly it looks like a axsident, but if a fellow with clothes on misses one it looks like bum play-This proves it dont matter wat you do as long as yourlook all rite wile youre doing it.
