Total Authorized Issue, \$5,000,000

Uncertified and Unissued, \$1,000,000, due June 1, 1926

From letter of E. Constantin, Sr., President of the Company, and other official information furnished us, we summarize as follows:

BUSINESS: Established in Tulsa in 1912 by E. Constantin, Sr., with only a nominal capital, from which there has been earned its present surplus of nearly \$13,000,000. The Company does a large and profitable business in refining crude oil and marketing its products in this and foreign countries. Its business is well established and constantly increasing. The Company owns and operates two large modern refineries in Oklahoma: No. 1 at Tulsa, having a daily capacity of 5,000 barrels, and No. 2 at Devol, of 10,000 barrels, and at each refinery owns a large tank farm with steel tanks, enabling the Company to carry on hand large stocks of crude oil and manufactured products. It owns its own pipelines and 1,087 modern all-steel tank cars having a capacity of 8,000 and 10,000 gallons each. It owns and controls through the Constantin Oil and Gas Company valuable oil properties in Oklahoma, Kansas, Arkansas, Texas and Louisiana which, with contracts for other production, insure the Company an adequate supply of crude oil for refining at all times. It owns and controls through the Lindner Oil Company its own gasoline and filling stations for handling its domestic trade, and owns one-third of the Export Oil Corporation through which it handles its large and very profitable foreign trade. The Constantin Company is, therefore, in the strong position of controlling the production, manufacture, transportation and distribution of its products direct from oil wells to the ultimate consuming market, both domestic and foreign.

MANAGEMENT: The Company has always had an exceptionally able and efficient management, as is demonstrated by its large surplus, all earned, and its high standing in the trade. No change is contemplated in the ownership, management and policy of this Company. Its officers are men of integrity and experience: President Constantin, the founder of the business, is also President of the Export Oil Corporation and of the Franco-American des Petroles Companie of Paris, in which the Company is a large stockholder; Vice-President Malloy is a former President of the Western Petroleum Refiners' Association.

PURPOSE: The proceeds of these bonds are being used to pay indebtedness and to largely increase its working capital.

SECURITY: The present bond issue constitutes the only bonded debt of the Company and is secured by a FIRST MORTGAGE or DEED OF TRUST, under which is pledged all of its property, real, personal and mixed, now owned or hereafter acquired. Its current assets, including tank cars and equity in tank cars (net) amount to over \$7,000,000, or nearly twice the amount of the \$4,000,000 bonds to be presently issued, while the total net assets available as security for these bonds are over four times the amount of bonds issued.

SINKING FUND: The Trust Deed provides that the Company shall make a monthly deposit with the Trustee of a sum in cash equal to one-twelfth of the next maturing installment of bonds and onesixth of the next maturing coupon on all bonds outstanding.

EARNINGS: Net earnings for the five years 1916 to 1920, both inclusive, after payment of income taxes and liberal deductions for depreciation, averaged \$1,003,438.94; net earnings for 1920 were \$1,975,094 after creating reserve for Federal income taxes, liberal deductions for depreciation and also charging off, on December 31st, \$1,287,551 to reduce inventory price of crude and fuel oil on hand to anticipated drop in market price, and loss of \$57,551.71 on sale of \$450,000 Liberty Bonds. The net earnings for the year 1921, based on the earnings for the first four months, before setting aside reserve for Federal taxes, are conservatively estimated at \$3,195,196.84, or over mine times the interest on the bonds to be issued. The foregoing does not include the very large profit in the recent sale to the Standard Oil Company of onehalf of the Company's holdings in the Eldorado field.

All legal matters pertaining to this issue have been taken under the direction of Mesers. Tracy, Chapman & Welles, Toledo, Ohio, and Messrs. Breckinridge, Bostick & Daniel, Tulsa, Okla.

Having sold over 75% of this issue, we offer the unsold balance.

How Does A Trustee DIFFER FROM AN EXECUTOR?

An Executor is one who is appointed in a will to carry out its provisions.

A Trustee is one who holds the legal title to real or personal property, for the benefit of another.

It is the duty of the Executor to settle the

It is the duty of the Trustee to hold the property on the trusts provided in the will.

The same corporation or person is often appointed both Executor and Trustee. This is more convenient and less expensive.

The officers of the Company will be glad at any time to answer other questions on trust and estate
