THERE were some stunning gowns at Cape May over the week-end. Mrs. Bob Large, who is staying with her mother, Mrs. Edwin Reakirt, and her two daughters, Margie and Sarah Large, was on the beach on Sunday wearing a frock of black crepe de chine trimmed with silk fringe. Her hat was wide-brimmed one of thin black straw, trimmed with plumes, and she wore a veil of black lace.

Mrs. Fred Stovell had Mrs. Milton Work with her for the week-end. They were in the surf on Sunday and looked very well. Mrs. Stovell's bathing suit was fashioned of dark hiue satin, finished with white collar and cuffs and a heavy white cord girdle. She wore a broad-brimmed blue rubber bathing the work's suit was of black panes.

That Vital Look of Happiness

that smiling, easy poise which ypifies the wearers of Cantilever Shoes, is founded on a basic principle of good health. For foot comfort is a necessary factor in good health, which inspires happinesswhile happiness in turn creates good

Proper fitting shoes are necessary to oot comfort, but more than this, the hoes must be correctly designed and onstructed to allow case of walking, of constructed to allow case of walking, of foot action, in a natural way.

Nature gave the human foot a flexible arch and instep. That is why The Cantilever Shoe is made to flex with the foot, instead of being made rigid by a metal "shank-piece," such as is cancealed in ordinary shoes. The Cantilever Shoe encourages strengthening exercise of the arch muscles, and with your feet moving easily and naturally, you walk or stand in comfort.

The natural shape of the shoe and the well-set heel encourage correct posture. With the weight properly distributed, you can walk or stand for a long time in Cantilevers without the fatigue experienced in other footwear. The style of Cantilever Shoes is correct for day-time wear.
