It's the ideal on which this business is built—to achieve tremendous sales in thoroughly dependable goods through economy in prices.

**Such Furniture Values Are New**  
**It Has Been the Privilege of the Gimbel Store to Take This Forward Step in Value-Giving**

**IT** IS an exploded idea that stores own customers. Customers are in the saddle—they crack the whip and the stores that do not mind their paces lose in the race.

Stores of today win through serving—and because this Store is mindful always of that, it keeps growing—yes, keeps its business far ahead of all past records, although many more sales must be made—so greatly have prices fallen.

**This August Furniture Sale Starting Monday—It Always Opens on Last Monday of July—Offers Remarkable Price Concessions**

The furniture has been on view for a week—ample time has been given to study its beauty and excellence—now a word of prices:—
