SMUTS TO CONFER WITH IRISH CHIEFS

General Going to Ireland to Discuss Peace With Craig and De Valera

OFFICIAL CIRCLES PLEASED

By the Associated Press

London, July 23 .- General Jan C Smuts, the South African Premier, is expected to leave London for Ireland early next week, probably Monday, to place his services at the disposal of both Eamon de Valera, the Republican, and Sir James Craig, the Ulster Pre-mier, during their critical consideration of the Irish pence proposals made by Premier Lloyd George. This statement

was made today in a quarter close to the South African statesman. The outstanding feature of the Government's proposals to De Valera is a concession of fiscal autonomy, it was stated on high authority here today.

The position of Ulster is amply secured In circles which are closely observing the developments of the Irish situation. much satisfaction is expressed at the prospect of General Smuts' re-entry into the negotiations in the manner indicated. This is particularly the case in view of the persistent reports that the British Prime Minister's offer, submitted to Mr. de Valera Thursday, in-cludes a plan for dominion home rule for Ireland on the lines of the South African constitution. Corcerning the workings of this form of government General Smuts, it is pointed out, will be able to give information of the great-

E. A. Quarles, assistant to the president of the United States Mail Steamship Co., said the seizures would be contested in the courts. He declarathe board's action came without warning and intimated a plot on the part of "certain forces, foreign in nature," to take the ships away from the company. The company, he said, had ignored reports concerning this threat, because a did not believe any Government official could be influenced by statements believed. could be influenced by statements being made against it.
