HIRES TURNER GLASS COMPANY

30th and Walnut PHILADELPHIA

DR. JOHN M. BALDY IS WELFARE HEAD

Devon Man Commissioner of New State Department. Mrs. Martin on Board

OTHERS ARE APPOINTED

Governor Sprout today announced the selection of Dr. John M. Baldy, of Devon, as Commissioner of Public Welfare.

The appointment of Dr. Baldy was made under the authority of the new law, passed at the last session of the Legislature, creating a department of welfare to take over the powers and duties of the old State Board of Public Charities, the Lunacy Committee, the Prison Labor Board and other related activities.

The other members of the commission, whose appointments are announced by the Governor, will be Ignatius J. Herstmann, Mrs. J. Willis Martin, of this city; William Price, Pittsburgh; John N. Conyngham, Wilkes-Barre; Rollin D. Beckley, Franklin Venango County, and Mrs. John Nauman, Lancaster.

Dr. Baldy is one of the most widely known medical men in the State. He has been president of the State Board of Medical Education and Licensure since its creation in 1911, and has had to do with the raising of the standards of medical practice in Pennsylvania and in the upbuilding of a hospital system of the State.

FAMILIAR WITH HOSPITALS

Through his work in this department, Dr. Baldy has a great familiarity with the hospitals and institutions throughout the Commonwealth. Governor Sprout said today that Dr. Baldy's name had been in his mind ever since the creation of the department first suggested itself to him.

Dr. Baldy's public work has been monumental and his efforts to elevate the standards of medical education and practice in Pennsylvania have attracted attention all over the country," said Governor Sprout. "His services to the hospitals and other charitable institutions here have been truly noteworthy, and we are, indeed, fortunate in being able to command his services for the organization for the new department, which will, I believe, under his direction, soon prove to be one of the most useful branches of the State Government."

The Governor said that Dr. Baldy would have a free hand in the selection of his assistants and the organization of his department.

"I have discussed matters thoroughly with him and he has been giving much thought to his plans for carrying on the great work which he has undertaken," the Governor said.

Under the law, the Commissioner of Health, Dr. Edward Martin, of Philadelphia, will be in charge of the department.

RESTORE BLUECOAT TO FORMER RANK

Edward W. Herbert Renamed Lieutenant Again by Trial Board

TRAINER IS TRANSFERRED

Edward W. Herbert was restored to his old position as a lieutenant on the police force by the Civil Service Commission at hearings today. Herbert was demoted to the rank of house sergeant in April, 1918, on the testimony of Granville S. Jefferson, termed by the commission as a "thoroughly discredited and discharged member of the police department."

At the time of his discharge, Herbert was a lieutenant on the police force. Testimony today showed the letter was ordered from the lieutenant's room and for it threatened to "get" him. His reduction in rank followed by action of the Police Trial Board.

Frank A. Trainer, patrolman of the Nineteenth and Oxford streets station, at his third hearing before the commission on the charge of intoxication while on duty, was transferred to another district and fined thirty days' pay. Trainer has been called one of the most efficient and fearless members of the police department. He was publicly commended by Mayor Moore last April for capturing, single-handed, six hoodlums at various times. Two he arrested after a running police fight.

Acting Lieutenant Vail, of his district, attributed the patrolman's trouble to too many friends in the district, and that if he was transferred he would undoubtedly stop "falling by the wayside."

In passing judgment the commission told the patrolman this was his last chance. It said he was bringing disgrace on the entire force by his acts, if he reappears for trial he will be discharged.

OTHER MEMBERS OF BOARD

Mr. Horstmann is a manufacturer in Philadelphia and has given much attention to the public service and especially to the penal and charitable institutions. He has been a member of the Board of Inspectors of the Eastern Penitentiary for some years and has taken a great interest in this work as well as the management of other charitable institutions in the eastern part of the State.

Mr. Price is president of a bank at Pittsburgh and a member of the present Board of Public Charities. He is a widely known church worker and has been greatly interested in philanthropic undertakings.

Mr. Conyngham is a prominent resident of Luzerne County who has given much time and attention to the study of social problems and benevolent enterprises.

Mr. Blakely is a business man of Franklin and is one of the younger members of the present Board of Public Charities, having been appointed thereupon by Governor Sprout. He is connected with a widely known family in the northwestern part of the State.
