

### NORTH 2D ST. STORE DESTROYED BY FIRE

Great Eastern Picture Frame Company's Loss Estimated at \$50,000

The plant of the Great Eastern Picture Frame Company, at 110-112 North Second street, was destroyed by fire at 2 o'clock this morning and the fire fighters had a hard struggle to prevent the flames from spreading to adjoining buildings, in which were stored inflammable materials. The loss was placed at \$50,000.

Patrolman Centro heard the explosion that started the fire and turned in an alarm. The explosion is believed to have taken place in the department of

the factory where picture frames were painted and gilded. It is believed some of the liquids used there in the manufacturing processes may have become overheated.

In a short time the flames ate their way through the floor above to the roof, and then into the store and showrooms on the first floor.

Two more alarms were turned in, and then patrolmen discovered that the place of Edward Tassman, a cloth manufacturer, at 733 South Fourth street, was on fire. The alarm box failed to work and engines were diverted from the frame factory fire and sent down to the new blaze. The fire in Tassman's place was quickly extinguished.

The fire was prevented from spreading, although surrounding cellars were flooded with water and much damage was done to stock.

Firms that suffered from water damage were the American Store Company, at 108 North Second street; the Gould Novelty Company, furniture dealers, at 114 North Second street; George Fastman & Son, 116 North Second street, carpets and linoleums, and Shuttleworth, Hogg & Mather, paper and rags, at 118 and 120 North Fourth street.
