WASTE CHANCES

You can keep them down but they are never out. The reference is to the Athletics. On Wednesday the Mackmen were trounced severely by the leagueleading Cleveland team and with the defeat went Johnny Walker. Johnny, be it said, is improving rapidly and will be able to play within two weeks, according to dispatches received from Cleveland this morning.

It was the wonderful playing of Ivy the House of Mack, that made yesterday's triumph over the world's champions possible. He crashed out a triple and three singles and three of the four hits sent runs scurrying over the platter. In addition to his brilliant batting Griffin played a great game at first base. He accumulated the great average of eighteen putouts, which is some four from the world's record.

In the first game the Phils had ten hits to nine for the Pirates, but use faulty judgment on strikes and balls throughout, especially with men on the bases.
