TACKLES TAX

Profits From Sale of tal Assets Cut to 121/2 Per Cent

FINAL VOTE TOMORROW

Washington, Aug. 19 .- Amendments to the Tax Revision bill were taken up in the House today, several proposed by Republican members of the Ways and Means Committee being given priority in consideration. Under the agreement all amendments will be submitted through the committee.

Discussion of the amendments was under five-minute limitation following the conclusion of general debate late last night. With this limitation the expected to work under high pressure in order to dispose of all sugestions before 3 o'clock tomorrow afternoon, when a final vote will be

Some of the proposed amendments deal with charges in phraseology only, but others propose substantial changes, including one for elimination of the suggested annual license tax of \$10 on vendors of soft drinks. Another would require individual taxpayers to pay 121/2 per cent on profits from the sale capital assets, if such profits and the taxpayer's net income exceed \$29,000, whereas in the bill as reported they would pay 15 per cent on above \$40,000.

General Debate Ends

General debate on the Tax Bill ended last night. Principal speakers for the Democrats were Representatives Oldof Arkansas and Cockenn, of New York, and for the Republicans Representatives Green, of Iowa, and Longworth, of Ohio, members of the Ways and Means Committee.

Using Treasury estimates to support his argument that the Tax Bill would result in a huge Government deficit at the end of this fiscal year, Representa-tive Cockran declared that if the Treasury went into the market for \$1,000,000,000 to help pay ordinary expenses of the Government there would

a panic. Reading official statements by former President Wilson and former Demo-cratic secretaries of the Treasury urg-ing repeal of the excess profits tax. Representative Longworth told the Demo crats that in opposing this repeal they were "repudiating the Democratic plat-

form."
Representative Woodruff, Republican, Michigan, announced that he would op-

First Republican opposition to the bill was voiced by Representative Nel-son, of Wisconsin, who attacked the proposed repeal of the excess-profits tax and higher income surtaxes. If he voted for the bill, he said, it would mean the end of his political life. The measure relieved one class of the people and burdened another, he declared, adding that four "scarecrows of propaganda" had been used to "put over" repeal of the excess-profits and higher surtaxes,

Dye Embargo Extension Urged

The Senate Finance Committee completed hearings yesterday on the chemical schedule of the permanent Tariff Bill, amended the House bill provision for import duty on reimported war supplied this Government to France and decided to press for passage of the House resolution extending the life of the dye embargo in the Emergency Tariff Act without urging its own amendment to continue the entire emergency law to

The amendment affecting war supplies would exempt from the 70 per cent tariff voted by the House all such stocks purchased prior to August 15. One group of witnesses, seeking the amend-ment, said their purchases totaled \$36. 000,000, but gave no estimate of what shipments awaited cargo space. The committee will begin hearings tothe earthenware and glass- Norman Penrose Awaits Trial; ware schedule.
