"Take Time by the Forelock" if You Would Benefit by the Great August Furniture Sale

The Majestic Bengal Tiger of India Does Not Quarrel With a Pekinese Dog

He is so proud and powerful that he will not stop to use his strength upon what seem to him to be little flies.

Have you noticed that there is a dignity even in animals that some human beings might study to advantage?

Great ideas are floating about these days from all parts of the world as to governments, education, finance, commerce, to say nothing of international law. We must patiently, respectfully and without prejudice, and with a kindly spirit, discuss all questions, irrespective of where they originate.

[Signed] *John Wanamaker*

August 23, 1921.

Women's New Cloth Street Dresses of Moderate Price

Tricotine and serge dresses in navy blue, black or brown are hurrying in for the first crisp days.

All are cut on the new lines. A straight and slender silhouette, or one that widens below the waist, may be chosen with equal correctness.

A few, following the fashion of Summer, have left their sleeves behind them. These sleeveless slip-ons of tricotine need only a lace or net guimpe to convert them into a correct street dress.

Straight hems vie with hems cut into sharp points or scalloped. Tailored simplicity rivals self-colored embroidery, iridescent beading, or chenille work. Narrow belts or wide Canton crepe sashes encircle the waist.

The sleeveless tricotine dresses are \$13.75.

Prices on the serge and tricotine dresses with sleeves are \$28.50, \$30, \$35 and \$40.

(First Floor, Central)

New Tailored Waists of White Crepe de Chine

One with round Peter Pan collar is \$8.75. The other, with roll tuxedo collar and pin-tucked front, is \$9.85.

(Third Floor, Central)

(Jewelry Store, Chestnut and Thirteenth)

New Lace Drape Veils

Specially priced at \$1.50 and \$2.

(Main Floor, Central)

Still Some Splendid Opportunities in the Sale of Pianos

These are used and reduced new upright pianos, player-pianos and reproducing pianos with savings of hundreds of dollars.

In many cases the reductions affect very fine pianos for no other reason than that the instrument has suffered a slight and almost unnoticeable case blemish.

Every taken-in-exchange piano is in good condition, capable of years of service. Our Schomacker Piano Factory has taken the greatest pains to repair even the most inexpensive of them.

They are very easy to buy. Terms will be arranged to suit the convenience of the purchaser.

Upright pianos start at \$75.

Player-pianos start at \$300.

Reproducing pianos start at \$875.

So far as time is concerned, the August Furniture Sale is now a matter of days. The days are running short, but there is no shortage of opportunity.

From first to last the Wanamaker Sale is always the sale with the goods and plenty of them.

It is still unmatched in quantities and varieties of the good furniture that people want.

It will be a sale of that kind up to the last day, which is Wednesday of next week, one week from tomorrow.

The sale began remarkably, it continued remarkably and it is going to wind up remarkably.

The same class of furniture that gave it an unprecedented start and kept it going unprecedentedly is here in unequaled selection to give it an unprecedented wind-up.

You are the best judge as to what your home needs. However much or little furniture it may require, you can depend upon the Wanamaker Sale not to fail you for want of the right goods.

But it stands to reason that the earlier you choose, the more satisfied you are likely to be.

"Take time by the forelock." You will have a good while to wait for another opportunity to choose anything in the largest and most attractive stock of furniture in America at substantial reductions from the regular prices.
