#### U. S. BOARD CRITICIZED

By the Associated Press Chleago, Aug. 26 .- Rules governing

the payment of overtime rates, promulgated by the United States Railroad Labor Board last week to supplant the overtime rules of the national agreement covering shop crafts employes, were rejected as "unjustified" by a conference of regional executive boards of the railway employes' department of the American Federation of Labor today. A letter was sent today to all locals, enveying the results of a three-day conference just concluded.

emference just concluded.

"By no conceivable line of reasoning," the letter said, "can Decision 222 (the Labor Board's rules decision) be justified, and this body declines to accept it."

All union members were warned, how-

ever, to remain at work until further official action is taken by union of-ficials. The letter advised that it was considered best to wait until the Labor Board had issued substitute rules for the entire national agreement before taking a referendum vote on the mat-

Meanwhile, however, the letter advised the men "in time of peace to prepare for war."
The seven rules announced by the board last week dover payments for overtime, Sundays and holidays. A number of radical changes were made, and labor leaders declared they would

materially affect the earnings of shop amployes. A. O. Wharton, labor member of the board and former president of the railway employes' department the railway employes' department, American Federation of Labor, pub-lished a long dissenting opinion, in which he refused to sanction the ma-
