

MERCHANTVILLE WINS

points.

deadlocked for third place, each with twirler to manager, succeeding his former chief.

That Wilhelm has still lots of good baseball left in his trusty right arm was manifested last week when he at the Point Breeze Drome and a second at Boston last week enabled Carman to increase his lead on Maddona. Vin- twirled two innings against the cenzo came in third in the Boston race cinnati Reds. He showed all his old-and he failed to finish here. Tire time cunning and control, the factors trouble forced the Italian speeder out of that mean much to a twirler in his hey the international event after going less day. Wilhelm is enthusiastle over the prospects of the Phillies and is certain Wiley was the winner in the Boston race, and this victory boosted the vet-eran into a tie with Chapman. Miquel. that he can bring them out of the cellar. The trades made during the last season have been instrumental in weed-ing out of the club a lot of material the Frenchman, and Verkyen, of Belgium, both are riding consistently and that has been supplanted by speedy energetic youths whose love of the game they gradually are mirrowing the gap between themselves and the leaders. With races scheduled next wek in will make them successes with their Boston, Providence Wercester and at new manager. In addition several of the local track there may be some the veterans who were ill and suffering hanges in the standing before the end from sore arms and split fingers came f the week. The world's cycling Derby, a 100- back with the result that Wilhelm now has a hustling bustling aggregation out of the week. kilometer grind, which is a distance of sixty-two and one-half miles, will be decided at the Point Breeze track on five of seven games played, a record Thursday night. This is an annual that has not been equaled in the las feature and there will be six starters. two years. These wins give some ider two years. These wins give some idea of the potentialities of the Broad and Carman, America; Madona, Italy; Miquel, France; Corry, Australia; Chapman, America, and Verkyen, Bel-gium, probably will be the men to be Huntingdon streets lads who should make a much better stand next season than they have for several years.

NATIONAL LEAGUE PARK ASEBALL TODAY. 8:30 P. M PHILLIES vs. ST. LOUIS EATS AT GIMBELS' AND SPALDING'S

This year's Atlantic is a better gasoline-still farther ahead among motor fuels-because Atlantic engineering keeps moving with the progress of automobile construction and operating conditions.

Atlantic represents the most modern refining methods, the latest laboratory discoveries, every possible improvement the most searching operating tests can suggest.

The result is that today's Atlantic is finer in balance, higher in calorific units, more complete in combustion. It is a more powerful motor gasoline, and absolutely correct for use in present-day motors.

Compare Atlantic with any other gasoline. Note how eagerly it takes the spark when starting; how little popping and sputtering when warming up. Observe its quick action on the getaway, its sure-footed pull on the pickup, its dogged determination on the hills.

And in the sustained test-watch the fuel knocks disappear, the carbon accumulations diminish, the mileage increase. Then you'll be fully convinced that there is no other gasoline just like Atlantic.
