Kant-Slip Cord is an achievement of what was thought to be the impossible: a real non-skid tire that will give almost unlimited mileage.

The exhaustion of war-priced materials and the economies made possible in its great new plant have enabled the Kelly-Springfield Tire Co. to reduce prices drastically.

Now you can buy Kellys for the same prices you will have to pay for other tires that have always sold for less.

The quality of Kelly products is better than ever. The only cut is in the price.
