

ATTEMPT TO BREAK LEAGUE DEADLOCK

Compromise Between Council and Assembly on Last Deputy Judge Expected

BOLIVIA GIVES UP DEMAND

By the Associated Press Geneva, Sept. 15.—Efforts to break the deadlock between the Council of the League of Nations and the Assembly over the election of the last deputy judge of the International Court of Justice were made today.

The Assembly chose by ballot the following committee to meet a committee of the Council to break the deadlock: Motta, of Switzerland; Von Swindereen, of Holland; and Zable, of Denmark.

When balloting was held for deputy judges Dr. Alejandro Alvarez of Chile and Baron Descamps, of Belgium, were on the lists, Dr. Alvarez being chosen by the Assembly and not by the Council.

In order to secure an agreement, three ballots were taken, but the Assembly stuck to Dr. Alvarez on successive votes, while the Council continued to vote for Baron Descamps.

Public opinion, declared the Norwegian delegate, demanded that the league make efforts to secure disarmament on land, but instead of handling the question from the standpoint of the Assembly, as that body had indicated its attitude, the Council, through the military commission of the League, was dealing with it from the viewpoint of the military attaches.

P.)—A block of hotels, bathhouses and amusement places on the Boardwalk of Rockaway Beach, which is on the ocean side of Long Island and vies with its neighbor, Coney Island, as a city summer resort, was destroyed by fire today, some estimates placing the loss at \$500,000.

KILL TWO TRAIN ROBBERS

Former Employees of Texas Road Are Felled by Tip

Fort Worth, Tex., Sept. 15.—(By A. P.)—Two would-be bandits were shot and killed late last night by Federal agents and railroad detectives when they attempted to hold up Texas and Pacific passenger train No. 11, ten miles west of Fort Worth. A tip received by Federal officers caused placing of a heavy guard on the train.

One of the men killed, it is reported, formerly was employed as an engineer. He is said to have boarded the train at Fort Worth and the other, a former brakeman of the road, got on when the train was thirteen miles out.

CHICAGO PACKERS ADOPT SYSTEM OF OPEN SHOP

Will Deal With Employees Only in Adjusting Grievances Chicago, Sept. 15.—(By A. P.)—With the expiration of the six months' extension of the Aischuler agreement between the packers and their employees today, individual plans of representation in four of the largest companies became the sole medium of negotiation on wages and working conditions between the companies and their workers.

According to the packers, the Armour, Swift, Wilson and Cudahy Companies, there will be no immediate readjustment of either wages or working conditions. Any future changes will be made through representatives of the employees elected under the individual company plans and will not take into account the wishes of the union.

Request for a conference to renew the war-time agreement made by union officials brought no reply.

The new plan provides that any person is eligible for employment whether a member of a union or not, that no one not an employee of the company may represent workers in the adjustment of grievances of workers and that employees shall elect their own representatives in any negotiations over wages or working conditions.

TROPICAL STORM KILLED 25

Porto Rico Communities Devastated in Its Sweep San Juan, P. R., Sept. 15.—(By A. P.)—The tropical storm which reached its greatest intensity Sunday night at San Pedro Macoris, Santo Domingo, caused twenty-two deaths and great material damage there, according to Captain Tremack, of the steamer Mariposa, which arrived here from Santo Domingo today. Many coastal craft in the harbor were wrecked, he said.

Delays in the port of President Harding struck this island resulted in three deaths and considerable damage to property. It also caused a heavy loss in the coffee crop.

PRESIDENT ENJOYS CRUISE UP HUDSON

Party Aboard Mayflower Views Scenery With Eagerness of Honeymooners

EN ROUTE TO WEST POINT

By the Associated Press New York, Sept. 15.—President Harding continued his yachting cruise today by coming to Southampton, L. I., where he played golf yesterday and going up the Hudson to West Point. With Mrs. Harding and friends he had a night trip the length of Long Island, on the ocean side, and an early morning view of the Statue of Liberty and the skyline of Lower New York, which invariably delights tourists. Weather conditions were unsurpassed for observation.

The Mayflower arrived at Quarantine in time to see the early morning assembly of vessels from foreign ports awaiting the opening of the inspection station. A river pilot was taken aboard and the presidential party began the trip past the whole island of Manhattan with a view of Riverside Drive, the Palisades and Bear Mountain with the eagerness of honeymooners, with whom the President hoped to review the cadets this afternoon and then see if he could do better at golf than he did yesterday at Southampton, where he said: "Going out I made eight holes in forty-two; then I blew."

The President was invited to play with members of the Senior Golf Association, now engaged in a tournament at Rye, N. Y., but in sending his regrets said: "I suppose I can't help qualifying as a senior, but I should like to meet up with your members and give them a demonstration that I am not yet venerable, and like all the rest of you, have no intention of ever being aged."

Attorney General Daugherty and George B. Christian, Jr., occupants of the Mayflower's sick bay, so to speak, were much better today. The excellent yachting weather contributed to Mr. Daugherty's recovery from a slight touch of ptomaine poisoning and enabled Mr. Christian the better to bear the stress of confinement from a fractured rib due to a fall through a hatchway. It was found unnecessary to take either patient off the yacht, as had been arranged in case of necessity, and they both made the trip up the Hudson.

From aboard the Mayflower came word that the presidential cruise might be prolonged over the week-end, not only to aid the patients, but to enable Mr. Harding to take advantage of the weather to obtain a good rest.

Three destroyers accompanied the presidential party.

Knocked Off Cycle and Killed

Pittsburgh, Sept. 15.—(By A. P.)—John Minko, aged thirty-four years, well known in automobile racing circles as mechanic for I. P. Fetterman, winner of the Uniontown race Labor Day, suffered injuries from which he died here early today when he was knocked from the rear seat of a motorcycle by an automobile. The driver of the automobile failed to stop after the accident. He is being sought by county detectives.

HEWITT WILL GIVES MILLION TO FAMILY

Widow to Receive Two-thirds of Income as Long as She Remains Unmarried

FUNERAL SERVICE IS HELD

New York, Sept. 15.—The will of Peter Cooper Hewitt, the electrical engineer and inventor, who died in Paris on August 25, was admitted to probate yesterday in Paterson, N. J., by Surrogate Frederick Boggs, of Passaic County. The will revealed an estate valued in excess of \$1,000,000, including patents and extensive real estate holdings in Hewitt, N. J. The will provides that all of Mr. Hewitt's patents are to be sold and the income added to the principal of the estate.

Except for the household effects, jewelry, silverware and the library in Ringwood Manor, his country home, the estate is to be held in trust by the Farmers' Loan and Trust Company and the income paid to Mr. Hewitt's widow, Mrs. Maryon Andrews Bruguiere Hewitt, and their daughter, Amy Cooper Hewitt, who now is about five years old. The widow will receive two-thirds of the income as long as she remains unmarried. If she should remarry, her income will be reduced to one-third. Their daughter will receive one-third of the income unless her mother remarries. In that case the income of the daughter will be two-thirds.

Upon the death of Mrs. Hewitt, her son by her first marriage, Peter S. Bruguiere, will receive \$50,000. That sum, according to a codicil to the will, will be increased to \$100,000 if the estate is found to exceed \$1,000,000. Men of note in many walks of life went to Grace Church yesterday to pay their last respects to the memory of Mr. Hewitt at his funeral. Burial was in Greenwood Cemetery. The service was read by the Right Rev. Arthur S. Lloyd, Coadjutor Bishop of the Episcopal diocese of New York, and the Rev. Samuel Shoemaker, of Grace Church parish.

NOT A DRAFT DESERTER

'W. T. Handley,' So Listed, Is Walter Lee Handly, Who Enlisted in 1917 Washington, Sept. 15.—By order of the corps area commander at Fort Howard, Md., the name of Walter T. Handley, classed as a draft deserter by the local board at Pittsburgh, has been removed from that list. Records show that the registrant, who had been directed to report for active duty on September 17, 1917, was appointed ensign on August 22, 1918, and is still in the reserve force.

It is explained that there is no record of the registrant having notified his local board of his entrance into the military service, as was required by the draft regulations, and his name appears on his draft records as Walter T. Handley or W. T. Handley, while on his service record it is Walter Lee Handly.
