

### 3-CORNERED FIGHT IN JERSEY LEGION

State Commander Will Be Elected Tomorrow at Third Annual Convention

#### OWSLEY CRITICIZES HARVEY

Special Dispatch to Evening Public Ledger. Ashbury Park, Sept. 16.—The election of a State commander to succeed Major Leonard C. Owsley, of Bridgeton, for the New Jersey department of the American Legion, which is holding its third annual convention here, today was a three-cornered fight.

In addition to the names of Thomas Goldberg, of Newark, and Joseph D. Sear, of Bloomfield, both Essex County men, there has been injected the candidacy of Thomas Meany, of the Hudson County delegation and a man to whom the Hudson organization is pledged.

The election will not take place until tomorrow morning but it is hoped that compromises will circumvent a bitter fight on the convention floor. Nominations are to be made today and, so far as is known, the three men mentioned are the only candidates. South Jersey is gracefully relinquishing any claim to the office because of the incumbency during the last year of the Cumberland County man.

Soldier unemployment was declared by Owsley to be an actuality and not a mere word painting of the alarmist propaganda. In the country he declared there are between half a million and a million former soldiers and members of the American Legion living about the lawns of State houses and other public buildings and dotting the Nation's sidewalks looking for work.

A few hours earlier Colonel Theodore Roosevelt, Jr., Assistant Secretary of the Navy, came up here by airplane to speak in place of Secretary Denby, of the Navy Department. His talk was filled with the sort of crisp, snappy Americanism that the Legion men wanted to hear and they gave him a great ovation.

90,000 AT READING FAIR  
Day's Attendance Sets New High—Water Mark—Crowds Orderly

Reading, Sept. 16.—With yesterday's estimated attendance of 90,000, the largest in the history of the Reading Fair, today's crowd was expected to be also a record. The immense throngs all week have been notably orderly and not a single arrest has occurred.

More than seven hundred white pine and Norway spruce trees are being distributed by the Pennsylvania Department of Forestry at its tent. The display is in charge of Roy B. Ross, of Harrisburg, and is visited by many thousands. Tree life in all its phases is shown.

A unique display is a statue of Benjamin Franklin which will be unveiled at a community celebration at Weisport, Carbon County, next week. The Reading Automobile Club is having sessions signed at the fair, asking the County Commissioners to place a loan of \$3,000,000 for road development before the voters.

### CASH BONUS OPPOSED

Land Grants and Work Recommended by Veterans' Organ  
Washington, Sept. 16.—President Harding yesterday found support among the ranks of the World War veterans for his statement that he was "not much concerned" about the cash bonus for men who suffered neither wounds nor other physical impairment, which he made in addressing the Fifth Division members who called upon him in Atlantic City last Sunday.

Land grants and work are recommended in the October issue of the Disabled Veterans' organ, of the Disabled Veterans Society, but the publication says unreservedly that the cash bonus should not be passed because of the economic burden it would place upon the country as a whole, and more particularly upon the veterans themselves.

"Uncle Sam must get the money to pay the bonus," says the veterans' organ, "and he is going to get it out of each and every veteran who will temporarily benefit by the plan."

"The readjustment of the business world from an orgy of inflated prices and abnormal production is the national emergency. It is calmly proposed to retard the movement toward normal conditions and magnify the hard times which are upon us by saddling a burden of billions of dollars. In other words, more than double the army of unemployed."

#### ANOTHER SHOT AT K. K. K.

National Equal Rights League Asails Pernicious Organization  
Chicago, Sept. 16.—(By A. P.)—Resolutions denouncing the Ku Klux Klan and commending the new National Unity Council formed to oppose the Klan, were adopted at the closing session of the fourteenth annual meeting of the National Equal Rights League last night.

The resolutions also urged the passage of laws to make lynching a crime against the Federal Government, the enforcement of the Constitution on color discrimination, the forbidding of any Federal segregation and a law against secret societies, organized in defiance of the principles of the Constitution.

### DELEGATION TO U. S. PLAN OF ZIONISTS

Safeguarding of Palestine Also Will Be Taken Up With Britain and League

#### FORMER OFFICERS ELECTED

Carlsbad, Sept. 16.—The world's Zionist Congress, which has been in session here more than two weeks, was brought to an end Wednesday night. The old leaders, Dr. Chayim Weizmann and Nahum Sokolow, were re-elected, the former remaining as president of the world organization. A proposal to remove Zionist headquarters from London to Palestine or Switzerland was rejected.

The congress accepted the recommendation by the Political Commission that it send special delegations to Washington, London, Geneva and Palestine to negotiate with the respective Governments and with the League of Nations concerning the future safeguarding of Zionist interests in Palestine.

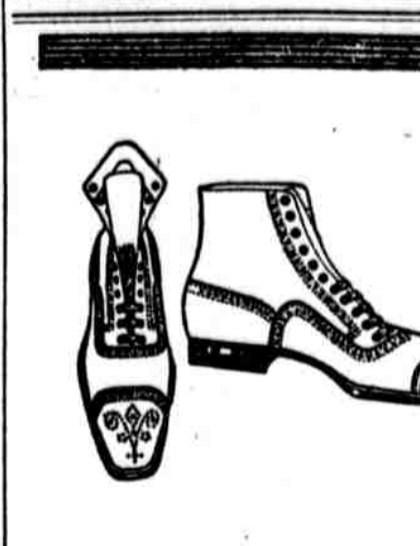

The serious disagreement of Tuesday between the Mizrahi or Orthodox element and the Left, or Laborite wing, caused by a resolution of the Mizrahi proposing that all institutions in Palestine supported by the Zionists should observe the Jewish law in every respect, was smoothed over somewhat by the introduction of a substitute resolution by Chief Rabbi Chajes, of Austria, that the question be left to the discretion of the Executive Committee. The Mizrahi accepted the resolution, but the members of the left wing refrained from voting.

The report of the Budget Commission, recommending an expenditure of \$1,500,000 for next year was adopted by the congress. One-third of this sum will be spent on the establishment of credit institutions to aid colonization, and the development of industries in Palestine; \$150,000 will be used for educational purposes, and the remainder for the purchase of new land, irrigation and sanitary improvements.

The closing addresses were delivered by Rabbi Chajes, Dr. Shmarja Levin, of New York; David Yellin, head of the Jewish community of Jerusalem, and the Hebrew poet, H. N. Bialik. All of them praised the work achieved by the congress.

Camden Girl Hit by Auto  
Margaret Stonaker, four years old, 1017 Langham avenue, Camden, was struck by an automobile near her home late yesterday afternoon. John Kewilk, of Mount Ephraim avenue, driver of the car, took the child to the hospital where it was found that she had a probable fracture of the skull. Kewilk reported the matter to the police.

A Danger Signal—Tender and Bleeding Gums  
Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills. Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums.  
Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.
