

CASH PLOT CHARGE IN ARBUCKLE CASE

Brady Asserts Three Witnesses Planned Frame-Up to Get Money From Tragedy

GRAND JURY DELAYS MOVE

San Francisco, Sept. 20.—The county grand jury early today adjourned until next Monday night its investigation of alleged tampering with prosecution witnesses in the case of Roscoe "Fatty" Arbuckle, film comedian, held in jail in connection with the death of Miss Virginia Rappe, film actress.

The grand jury, it is said, also heard the testimony of Dr. William Rumwell, who is alleged to have performed an autopsy on Miss Rappe. No action was taken.

Dr. Rumwell was called to explain why an autopsy had been performed without request being made by county officials, as required by law.

Miss Joyce Clark, Reggy Morely and Dr. Gabor Kingstone were called. District Attorney Brady said, in connection with the testimony of Miss Zey Freed, a most important prosecution witness.

Charges Money Plot At the conclusion of the session District Attorney Brady issued a statement in which he declared that the three witnesses had discussed the probability of "making money out of the Arbuckle case by framing" Miss Joyce Clark to impeach the testimony of Miss Zey Freed, a most important prosecution witness.

Judge served by Arbuckle at his party where, it is charged, Miss Rappe received injuries from her host which resulted in death, is to be the subject of investigation by a United States District Court grand jury here tonight.

Arbuckle continues to be held in the city jail without bail, charged with first-degree murder in connection with the girl's death.

Robert H. McCormick, Assistant United States District Attorney for the prosecution for liquor cases, announced witnesses would be called who were guests at the alleged party here tonight.

At this time, waiting until other Federal officials have completed investigations now going on in the motion picture colonies in Los Angeles and Hollywood.

The Federal attorney intimates seven or more persons were under investigation. He has examined numerous witnesses, but has refused to make their names public.

Physician's View "Too much high life."

This was the diagnosis of Dr. Arthur Beardslee, who attended Miss Virginia Rappe the first night of her illness, that followed the party given by Roscoe "Fatty" Arbuckle, motion picture comedian, and from which she subsequently died, according to a statement made by the physician yesterday to Sheriff A. E. Dolan, of Mono County, before he left Bridgeport to hasten to San Francisco in response to a summons from District Attorney Brady.

The physician was located in Mono County, one of the most remote sections of the State. He is the only witness in the case whose story has not been told.

Dr. Beardslee is understood to have attended Miss Rappe much of Monday night two weeks ago. It has been rumored the defense counts heavily upon his testimony, although so far as known they are as ignorant of his nature as is the State.

College Springs, Iowa, Sept. 20.—Ada Gillfillian, sixteen years old, farmer's daughter, was found in a straw stack eighteen miles from home. She had been without food and water for three days.

"Fatty" Arbuckle was her film favorite and she had pictures of him in her room. She said her mother whipped her when she refused to take them down, so she ran away. When found in a semi-conscious condition she had a picture of Arbuckle clasped tightly to her chest.

GIRL DISAPPEARS AT SHORE

Father Thinks Daughter Left—Him to Join Mother

Mandora Einwestler, sixteen-year-old daughter of George Einwestler, 254 South Fifty-seventh street, disappeared from her father yesterday during an excursion at Atlantic City. Einwestler informed the police here today that a few weeks ago his wife left him and their eight children. He believes that Mandora, the eldest, has gone to join her mother, whose whereabouts he does not know.

DU PONT OFFICIAL IS SUED FOR \$100,000 HEART BALM

Charles W. Mills Accused of Breach of Promise by Guadeloupe Widow New York, Sept. 20.—Charles W. Mills, vice president and general manager of the Nemours Trading Company, who conducted the \$5,000,000 sale of shoes at the Grand Central Palace for the du Pont interests, and in connection with the sale ran a contest for the "prettiest ankle" in New York City, is made defendant in an action for \$100,000 for breach of promise brought by Mme. Josephine de Sevray.

Mme. de Sevray, a striking brunette, came to this city from her home in Guadeloupe in 1919, to visit her mother. While here her husband, a professor of French in Guadeloupe, died.

Mme. de Sevray maintains that by reason of Mr. Mills' conduct toward her she has been "severely and irrefragably injured" in her character and reputation in the community where she resides.

The office of her lawyer, Mme. de Sevray, displayed much jewelry which she said had been given to her by Mr. Mills. Among this was an engagement ring which she said he gave her last Christmas, a week after that he had been sent to jail and his skimpy ration divided among his children.

The attention which he called to himself included that of many kindly persons who outright or anonymously sent small sums to his home at 4229 Germantown avenue. These were, in all, sufficient to stock the larder for many weeks to come.

Today E. D. Curry, who does the hauling for the Penn Paper and Ledger Company, sent for Doum and put him to work for a week, having meanwhile arranged for Doum a permanent job with the Penn Paper and Ledger Company.

At the office of the Nemours Trading Company it was said that Mr. Mills was now connected with the offices of the company in Wilmington, Del.

CREDIT MEN AIM TO BOOM BUSINESS

National Convention Will Call for Work as Prosperity's Touchstone

DEPRESSION MUST VANISH

Special Dispatch to Evening Public Ledger Atlantic City, Sept. 20.—That the United States has hit the bottom of business depression, but that to assure quick return to prosperity every man must work, will be the declaration of the Board of Directors of the National Association of Credit Men, which opened a conference at the Marlborough-Blenheim this morning. The twosome leaders who represent 35,000 men in practical control of the business credit of the country are preparing to place ordinary technical credit questions in the background in favor of full and free discussion of the means of bringing the United States back to the normal high state of business prosperity.

A resolution that is virtually a declaration of principles which business men will be asked to adopt will be brought before a meeting of the convention tomorrow or Thursday.

"It will be declared that 'We have avoided a national and have lived merely in a period of disturbances due largely to the abilities of the Federal Reserve System, the potential wealth of the nation and its fundamental soundness. We have hit the bottom of our depression, but have not yet acquired the strength to take the upward grade. Our basic situation still is weak, unemployment prevails extensively, extravagance has not yet been curbed."

"Our very needed thing in this situation is that all of the people must work. Idleness accentuates the trouble. Even the unemployed must try to find their hands to something. The work spirit, with the willingness to give up fads and fancies, to live substantially and be thrifty, will bring us back to prosperity."

"The psychological attitude of waiting until the storm blows over, of sitting tight until conditions change, will not help but hinder. The business people of the nation must fight it out through thick and thin and never capitulate to any difficulty or obstacle."

One hundred and thirty credit associations are represented at the meeting.

COST OF LIVING HIGHER IN GREAT BRITAIN THAN HERE

Food Prices Have Soared, Says Samuel Robinson, Just Back

The cost of living in Great Britain is for the first time in years higher than it is in this country, according to Samuel Robinson, of this city, who returned yesterday on the Baltic. Mr. Robinson spent six weeks touring England, Scotland and Ireland.

Food prices in general are a great deal higher than they are here, he said, particularly the staples. Sugar was selling in England a week ago at fifteen cents a pound, while eggs were seventy-five to eighty-five cents a dozen. Gasoline is much as sixty-six cents a gallon.

On the other hand, clothing prices are, as a general thing, on a lower level than American prices, as are the charges for boots and shoes. Moreover, rents, being subject to Government regulation, are lower.

Mr. Robinson's estimate of the situation in the North of Ireland is that the public in that section of the country is sincerely hopeful of some ameliorated settlement of the long controversy.

Mr. Robinson is president of the American Stores Company.

ON TRIAL FOR KILLING BRIDE

Man of 38 Accused of Making Away With Rich Woman of 57

Seattle, Sept. 20.—(By A. P.)—James E. Mahoney, thirty-eight years old, will be placed on trial in Superior Court today on a charge of murder in connection with the disappearance of his wealthy sixty-seven-year-old bride, April 18, and the recovery of the mutilated body of an elderly woman from a trunk in Lake Union here August 8.

The State will seek to show that the possession of property valued at \$200,000 was the motive for the alleged murder.

After the defense had failed in efforts to have Mahoney acquitted, the grand jury stood mute in court and a plea of not guilty was entered. The State has subpoenaed ninety-two witnesses.

Flames Cause Child's Death

A cigarette stub, tossed carelessly aside by a boarder, is believed to have caused the death of fifteen-month-old Helen Elzer, Negro, 1710 North Woodstock street, yesterday while her grandmother was out shopping. The boarder returned to find the bed in flames and the child's clothing blazing. She died in the Northwestern General Hospital.

SUBMARINE NEEDS HELP; TUG IS SENT

R-27 Not Seriously Crippled, Navy Department Officials Believe

CREW IS NORMALLY 29 MEN

By the Associated Press Washington, Sept. 20.—Assistance for the American submarine R-27, which Sunday night sent out a distress call while en route from Coreo Solo, Panama Canal Zone, to Guantanamo Bay, Cuba, has been ordered by the Navy Department.

Reports that the submarine needed aid reached the department early yesterday and the commandant at the Guantanamo base was ordered to send out a tug to assist the submersible. The reports to the department did not indicate the trouble being experienced by the R-27, but from the nature of the distress signal sent out it was not believed she was in serious trouble.

The department today has received no report from the Guantanamo commandant.

The R-27 is a craft of 495 tons, measures 175 feet over all and has a surface speed of fourteen knots. Navy Department officials had no information as to the size of her complement or the present cruise, although normally it consists of two officers and twenty-seven men.

Miami, Fla., Sept. 20.—(By A. P.)—No further word has been received at the Miami wireless station today from the American submarine R-27, which, in a wireless message received here yesterday, reported she was in need of aid about 100 miles northeast of Nassau, Bahamas Islands.

Sub Chaser 154 left Miami early today under orders to meet Sub Chaser 329 off the Florida coast and to accompany it to Jupiter, there to await further orders.

BOOZE FLOOD LETS LOOSE

20,000 Gallons Illegally Withdrawn Through Theft of Permits

New York, Sept. 20.—(By A. P.)—At least 20,000 gallons of whiskey have been illegally withdrawn by distillers in various parts of the country as the result of the theft of permit blanks here, prohibition officers said today. The stolen blanks would have permitted withdrawal of about 400,000 cases, but all New York permits outstanding were canceled upon discovery of the theft.

E. C. Yellowley, mobile prohibition agent, who has been given the title of associate director of prohibition for New York State, said that the stolen permits found their way to distillers in various parts of the country, especially Ohio, Kentucky and Pennsylvania.

Permits for seventy-four wholesale druggists in this city to sell liquor have been revoked on suspicion that they are not legitimate druggists.

PLANE TO LEAVE NAVY YARD

"Secretary's Barge" to Be Delivered at Virginia Air Base Today

A flying boat constructed for the Secretary of the Navy has been completed and will be delivered today at the Anacostia, Virginia, air base. It will remain there subject to the Secretary's orders.

The machine, which is known as the "Secretary's Barge," will be flown from the aircraft factory at the Philadelphia Navy Yard, where it was built, to its new base, which is just across the river from Washington. The seaplane, which is a standard navy F-1 type, has a wing spread of 104 feet, and its two Liberty motors of 800 horsepower give it a speed of about eighty-five miles an hour. Specially large cabin accommodations have been provided in the flying boat, which has an observation room with large ports and also a

cabin with a table and chairs for the passengers. Its capacity is five or six passengers in addition to a crew of four.
