Partitions can be erected or walls finished in the home without muss, delay or annoyance if Carey Board is used.

Any carpenter or the home owner himself can apply Carey Board to studding, or over your cracked plastered walls-and do it very quickly and very cheaply.

Carey Board comes regularly in a pleasing buff color which requires no decoration, but can be painted if desired.

It is the only board distinguished by two asphalt layers running thru the core which make it moisture-proof, vermin-proof, and an insulator against electricity.

The rest of the story is told in a letter written August 10 by Hugh M. Dorsey, of Atlanta, Governor of Geor-gia up to June 1. "Your correspondent's report is correce An organizer for the Klan by
