Bright as was the day and fresh the breeze, it was a long time before the tanbark in the ring dried after yesterday's soaking. The top layer looked deceptively dry at first glance, but as soo the flying hoofs had cut below the top stratum the going became very heavy. By the jumps in particular the footing was very bad, and more that prancing steed skidded ignomin-

As noon approached the crowd begato arrive, but the boxes and grandstand remained virtually deserted. The sun was popular today for the first time and every one parked out where it was warmest.

During the morning the officers ha a little jumping contest in full field equipment. This includes saber, binoc-ulars, raincoat rolled behind, saddlepockets, pistol and chapeau. With the exception of one horse that attempted to run through a jump instead of taking it in the orthodox way there were no accidents, and no one was thrown. The equipment rattled like a 1909 fliver after each jump, in a manner to lead one to believe that everything was \$100,000, which is believed to have been about to cast loose. Captain Thayer brought ashore from a launch about on Major Patton's Allamada carried off the silver shaving mug.

The artillery units arrived in ful force during the night, with a convoy of huge-hooded trucks that are lined up by the stables. Their camping ground looks for all the world like one of the old army contonments, being a study in khaki and profanity.

Officers to Jump Again There is another jumping class open to officers only, scheduled for this afternoon, and later artiflery teams will compete Battery A. N. G. P., of Har-risburg: Battery C. N. G. P., of Phoenixville, and batteries from the Third and Seventh Field Artillery, reg-

ular army, will compete. day will be the contest for the \$1000 gold challenge cup presented by Joseph E. Widener. The cup must be won E. Widener. The cup must be won three times for permament possession, and already has been won once by John R. Valentine, Glen Riddle Farms, Brandywine Stables and William J. Clothier. motorists generally up in arms.
When the number of places

London, Oct. 1.—(By A. P.)— Prime Minister Lloyd George will return to London October 5 to attend a meeting the following day, at which the question of British representation at the Washington conference will be considered,

A semi-official statement today says the Prime Minister is anxious to go to Washington, but that the problems of Ireland and unemployment make the trip exceedingly doubtful. In any case, the statement says, it is unlikely that he could leave the country for some ime, and that, at the utmost, his absence from Great Britain would be comparatively short.

the various counties to bump over country lanes is added to the detours on the State highways, the bad places in Pennsylvania count well up into the hundreds. The detours are of varying lengths, in some instances being so long that motorists are forced to travel fifteen miles to make half a mile in the direction they wish to go. While these long detours are the ex-

While these long detours are the exception, the shorter ones are annoying and damaging to cars. As most are caused by road construction, there is much discussion among motorists as to the best methods of building.

According to officials of the Keystone Automobile Club, most of the motorists here seem satisfied to stand for the detours to get new roads, but others feel that another method of construction would obviate the necessity of entirely closing the roads and do Cabinet Decides to Adopt would solve a problem which has proved Principal Suggestions Made by Washington
